CLUB VOICES DISAPPROVAL OF CHARTER

County Anti-Division League Speaker Applauded by Hill and Valley Members After Hayward Pardee Debate

W. E. Gibson Scores Points in Attack on Scheme; President of Advocates Abandons "Tail Wagging Dog"

HAYWARD, Oct. 18.—The Hill and Valley club of Hayward heard the new charter scheme debated yesterday and by its questions and expressions of sentiment following the meeting made known the attitude of most of its members in opposition to the proposal. W. E. Gibson, president of the Alameda County Anti-Division League, and George C. Pardee, president of the Charter League, were the speakers.

Pardee, who in Oakland has been declaring that it is "time that the stopped wagging the dog," told the Hayward audience:

"You outside communities have four votes on the council. Oakland does not have the majority. When Oakland does not believe itself you can choose her off." In his reply to this Gibson quoted the tail-wagging simile used by the same speaker at a luncheon in the Hotel Oakland.

PARDEE IS UNABLE TO FIND SECTION SOUGHT.

After Gibson had declared that the section referring to public utilities left it open to grave doubt, if such franchise had to be referred to the people for a vote, Pardee replied that there was no question on the point.

"Will Dr. Pardee read the section to this crowd?" Gibson asked, and Pardee replied that he would.

After hunting in the charter for the section, which he could not find, and after starting to read two other sections which were not in the point, Pardee asked that A. W. Deam, one of the freeholders, explain the point.

"But Deam did not have anything to do with the drafting of that particular section," Gibson said.

AMBIGUOUS SECTION IS READ BY NO ONE.

The section, which follows, was not read by anyone and its ambiguity was pointed out by Gibson.

Sec. 176. Every such re-settlement franchise shall be granted after such publication and upon such notice as in this charter is provided for the granting of franchises generally after the final passage of the ordinance granting such resettlement franchise, the same shall be referred and submitted by the city and county, at any general or special election next ensuing within not less than twenty days after the passage of such ordinance, or, if the city and county elect to hold a period of not less than twenty days, and not more than ninety days, after the passage of such ordinance, the election shall be held in the city and county within a period of not less than twenty days after such final passage. No such resettlement franchise ordinance shall go into effect until and unless accepted in writing by the grantee thereof within five days following such final passage or final approval, as the case may be.

Following his speech, Pardee was put a number of pertinent questions by the residents of the Hayward county division as the inevitable result of the charter scheme unless the same is defeated in Oakland.

PARDEE IS QUESTIONED.

ARON HALEY, banker of Hayward, asked the Charter League president to explain what he meant when he said that "any recommendation made by the charter trustees would be granted." Pardee replied that "his experience would lead him to believe that this would be so," and then added that the charter trustees would be forced to accede to the demands of the smaller body.

Gibson spoke for the distinction between a real consolidation and a sham one which would make a genuine federation impossible for years to come. He said that commercially, politically and patriotically Oakland did not wish to separate herself from the rest of the county and that the charter scheme would be defeated in Oakland at the first election.

WOMEN OF FARM HOME BUREAU ARE OPPOSED.

He pointed out the defects in the enabling act, showed that a city and county of Oakland was the most the charter proponents could hope for, and expressed the assurance that the charter scheme would be defeated in Oakland at the first election.

At the close he was greeted with a storm of applause, and in his anti-room, where tea was served following the debate, he was assured of the support of scores of those present.

The rural districts are heartily opposed to the charter scheme, said Mrs. Emma Seffer, president of the Alameda County Farm Home Bureau, an organization of the farm women over the entire county. Mrs. L. C. Lumbard, another leading member of the bureau, expressed the conviction that there was at least no support to the project outside of Oakland.

See Big Harbor R. F. ENGLE, commissioner of Board of Commerce and Navigation, New Jersey (upper), and J. SPENCER SMITH, president of the Port of New York, who were visitors in Oakland today.

Mitchell's Agent Tipped Off Raid, Witness Charges

S. F. Cafes Keep "Dry" Officers on Payroll, Says Man in Arbuckle Probe.

SAN FRANCISCO, Oct. 18.—Jack Lawrence, star witness for the government against the so-called booze ring, himself charged with violating the prohibition laws, appeared today in U. S. court and simultaneously accused a prohibition agent working under the direction of E. Parment Mitchell, with responsibility for upping booze raids.

The agent in question is now with Mitchell in Los Angeles. The specific accusation of Lawrence is that the agent in question gave advance information of the proposed raid on Goby's Grill, the alleged source of liquor for Roscoe Arbuckle's Labor Day party at the St. Francis hotel.

It was not only Goby's but Pete McDonough's saloon, the Riko cafe, Neptune's Palace and other resorts were selling liquor by the wholesale and enjoying immunity from raids and arrests by paying for protection from officials in Mitchell's office.

Lawrence was brought here from Oregon on a federal warrant for his arrest. He says that the prohibition office is regarded as a joke and that all of its movements are known in advance by the cafes, which keep certain of Mitchell's agents on their payroll.

"A former waiter at Goby's hotel told me that one of the operatives working under Mitchell tipped Goby that the place was to be raided. The tip came at the moment when I was making a statement before Assistant Attorney-General Robert H. McCormick. It is a matter of common knowledge that certain agents in the prohibition enforcement office's department are being paid money to protect certain cafes. As far as the Goby tip is concerned, there is no question of it. While I was telling my story the agent eluded out of the room, went right to Goby's and told the proprietor he was going to be raided, and he was well prepared. I know this from my waiter friend, who described the raid as a mere formality and all about my statements about the source of liquor used at the Arbuckle party."

Lawrence's case was continued in court today until next Thursday.

Ludwig, "Mad King Of Bavaria," Dead

LONDON, Oct. 18.—Ex-King Ludwig of Bavaria, formerly known as the "mad king" because of mental aberrations, is dead at Sarvar castle in Hungary, said an Exchange Telegraph dispatch from Vienna today.

Ludwig was born in 1845, became Bavarian regent in 1912 and was crowned in 1913. A strain of insanity had run through the whole Bavarian house.

Daughter Kidnaped, Is Fear of Parents

PASADENA, Oct. 18.—Believing that there is a possibility that Helen Crisp, a 22-year-old girl, who was kidnapped, her parents today issued an appeal to the people of California to assist in the search for her.

SAVE HARBOR SEN. JOHNSON WARNS N. Y. PORT EXPERT RATIFICATION

"Wonderful Opportunity," Is Exclamation of Visitor As He Views Oakland Waterfront While on Inspection

Danger of Navigation Interests Pointed Out; Survey of East Side of the Bay Is Advised; Urge Co-operation

A survey of the entire waterfront of San Francisco bay is necessary before further improvements in present facilities are made.

That is the recommendation of J. Spencer Smith, president of the Port of New York Authority and one of the leading terminal and port experts in the United States, and R. F. Engle, commissioner of the Board of Commerce and Navigation of New Jersey, following an inspection of the Oakland and Berkeley waterfronts today.

It was further recommended by Smith, following the inspection trip, that some immediate action be taken by the city of Oakland to prevent the swallowing up by navigation interests of the entire waterfront territory.

GREAT OPPORTUNITY, IS EXPERT'S VERDICT.

"What a most wonderful opportunity," Smith exclaimed, as he stood on board the cutter E. Carter, and surveyed Oakland's waterfront from an advantageous point in the bay.

"What a wonderful opportunity Oakland has to create one of the most magnificent ports in the world."

The inspection trip was made on board the Swift, furnished by the government officials. Accompanying the visitors, who made the inspection tour for the ultimate purpose of making certain recommendations that will be helpful in solving the waterfront problem, were Mayor John L. Davis, Commissioners Frank Colburn and Albert E. Carter, John O. Davis, collector of the port of San Francisco; Joseph E. Caine, managing director of the Oakland Chamber of Commerce; Mayor Louis B. Barlett of Berkeley; Frank Thutcher, former president of the Berkeley Chamber of Commerce; Councilmen Carl T. Bartlett, George Harris and George Schmidt, all of Berkeley; J. J. McElroy, Oakland; J. L. Howard of the Howard Terminal, and others.

INSPECTION OF HARBOR IS MADE.

The party boarded the cutter at the foot of Clay street at 10 o'clock and passed up the Oakland estuary. Returning, the visitors were taken to the outer harbor, then along the western waterfront of Oakland and Berkeley, returning shortly before noon.

Following the inspection tour the visitors were guests at a luncheon at the Hotel Oakland, attended by Mayor John L. Davis, Mayor Louis B. Barlett of Berkeley, and others.

Both Smith and Engle, who arrived in Oakland yesterday from Seattle, where they attended the convention of port officials, were reserved in making any recommendation.

"In fact," Lawrence affirmed, "it was not only Goby's but Pete McDonough's saloon, the Riko cafe, Neptune's Palace and other resorts were selling liquor by the wholesale and enjoying immunity from raids and arrests by paying for protection from officials in Mitchell's office."

Lawrence was brought here from Oregon on a federal warrant for his arrest. He says that the prohibition office is regarded as a joke and that all of its movements are known in advance by the cafes, which keep certain of Mitchell's agents on their payroll.

"A former waiter at Goby's hotel told me that one of the operatives working under Mitchell tipped Goby that the place was to be raided. The tip came at the moment when I was making a statement before Assistant Attorney-General Robert H. McCormick. It is a matter of common knowledge that certain agents in the prohibition enforcement office's department are being paid money to protect certain cafes. As far as the Goby tip is concerned, there is no question of it. While I was telling my story the agent eluded out of the room, went right to Goby's and told the proprietor he was going to be raided, and he was well prepared. I know this from my waiter friend, who described the raid as a mere formality and all about my statements about the source of liquor used at the Arbuckle party."

Lawrence's case was continued in court today until next Thursday.

Ludwig, "Mad King Of Bavaria," Dead

LONDON, Oct. 18.—Ex-King Ludwig of Bavaria, formerly known as the "mad king" because of mental aberrations, is dead at Sarvar castle in Hungary, said an Exchange Telegraph dispatch from Vienna today.

Ludwig was born in 1845, became Bavarian regent in 1912 and was crowned in 1913. A strain of insanity had run through the whole Bavarian house.

Daughter Kidnaped, Is Fear of Parents

PASADENA, Oct. 18.—Believing that there is a possibility that Helen Crisp, a 22-year-old girl, who was kidnapped, her parents today issued an appeal to the people of California to assist in the search for her.

Declares Secretary Hughes' Views in Favor of U. S. Representation on Allied Reparation Commission Is Dangerous

Present Peace Treaty With Germany Made in Accordance With Expressed Will of Congress, Is Argument

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE. WASHINGTON, Oct. 18.—With a vote on ratification of the German peace treaty expected today, Senator Johnson, Republican, California, an "irreconcilable" in the Versailles treaty fight, opened the day's discussion in the Senate with a statement explaining his position in favor of ratification.

Johnson said he could not subscribe to the view of other "irreconcilables" that the treaty would be likely to involve this country in European entanglements although recognizing the sincerity of those holding this view.

Johnson declared, however, unalterable opposition to America's joining the allied reparations commission. The views of Secretary Hughes in favor of such representation, he said, "constitute the danger of the future."

Secretary Hughes, the senator declared, was "one of those who would have taken us into the maelstrom of Europe."

The California senator served notice that if an endeavor was made "to take us into the reparations commission, shall be no more active in the ratification of the treaty than the American people themselves."

DECLARES RESERVATION PROTECTS COUNTRY.

Johnson proposed reservation to the treaty providing that no American representative on the reparations or other commission shall be appointed without the consent of Congress, "which protects the country."

"If Congress is no longer responsive to the people," Johnson continued, "we may despair of democracy."

"We have, therefore, a treaty made in accordance with the expressed will of the Senate and of Congress. Admittance of such a reservation to this treaty is feared by its opponents. The menace which has been so valiantly fought by the senator from Missouri (Reed) and the senator from Idaho (Borah) has not in this treaty."

Re-establishment of peace with Germany as necessary for American war and rehabilitation, Johnson said, "is the reason given by the peace treaty with Germany."

"The question before us now," said Hitecock, "is not a choice between the treaty and the reservation, but between the pending treaty and a protracted uncertainty without any treaty."

Declaring that the American electorate had commissioned foreign affairs to President Harding, Hitecock continued:

"I cannot bring myself to vote against the ratification of this treaty. I know that the majority of the people would be to prevent a peace settlement with Germany, and will leave everything in a state of uncertainty. This is the only way to bring about a peace settlement with Germany and the only way to bring about a peace settlement with Germany."

SENATOR BORAH, REPUBLICAN, IDAHO, declared the could subscribe to the views of Senator Johnson that the United States had recognized the Treaty of Versailles through the claim to a voice in the disposition of the Island of Yap and other former German possessions.

Senator Borah of Missouri offered his amendment, similar to that rejected yesterday, to exempt the United States from virtually all obligations of the Versailles treaty, and it was defeated, 71 to 17. Its supporters were Senator Borah, Mr. Johnson, California; Mr. Wallace, Wisconsin; Mr. Walsh, Massachusetts; Watson, Georgia; and Reed, Missouri, Democrats.

Fires on Divorced Wife, Kills Himself

BY UNITED PRESS. LEASED WIRE TO TRIBUNE. DENVER, Oct. 18.—William Schlect, 60, former newspaper publisher at Laramie, Colo., shot and killed himself here today after he was alleged to have wounded his divorced wife, Mrs. Julia Schlect, and his stepdaughter, Mrs. May Terhune, with a revolver.

Schlect had tried to persuade his former wife to give him a sum of money to meet a mortgage. When she refused, police said, he shot her in the back and then turned the gun on himself.

Thousand a Week Asked From Actor

BY UNITED PRESS. LEASED WIRE TO TRIBUNE. LOS ANGELES, Oct. 18.—Donald Crisp, who played the part of the brutal father in films, also insisted on playing the part of the villain in films, according to the allegations of Mrs. Mary Crisp in a separate maintenance suit on file here today. Mrs. Crisp asks \$1000 a week for support from the famous director-actor.

British Surgeon Divorces Hindoo Princess in L. A.

(By United Press) LOS ANGELES, Oct. 18.—Sir Arthur George Scallie, former chief surgeon of England's Royal Medical Corps and now in retirement in Hollywood, today holds divorce papers as the culmination of a unique romance with a beautiful Hindoo princess.

Sir Arthur married the Hindoo beauty in London in 1917, according to his divorce complaint. She was a member of the Vishnu sect, which does not believe in bloodshed, and urged her husband not to go to war. When he insisted, she disappeared.

Neither Scotland Yard nor an offer of \$5000 to Lady Jervis if she would return the offer made by Sir Arthur's aunt, Lady Alethe Hindland—could bring her back.

Sir Arthur, or Dr. Jervis, as he is known in Hollywood, obtained his freedom in Judge Sumnerfield's court on grounds of desertion.

Kern Oil Strike Up to President, Peace Foreseen

Labor Secretary and Leader of Producers Confer With Harding.

BY INTERNATIONAL NEWS SERVICE. LEASED WIRE TO TRIBUNE. WASHINGTON, Oct. 18.—The strike in the California oil fields was taken to the White House today by Secretary of Labor Davis and Thomas O'Donnell, a California producer, and president of the Petroleum Institute.

Davis and O'Donnell, after a number of conferences went to the White House for a conference with President Harding. They would not discuss the situation other than the fact that prospects of an early settlement of the California oil difficulties are bright.

NO PEACE TILL FIRMS YIELD, LEADERS SAY.

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE. WASHINGTON, Oct. 18.—The strike of oil field workers in the San Joaquin district, now in its sixth week, will continue unchanged until such time as the operators grant the demands of the men, and rumors to the contrary are unfounded, according to a statement by R. H. Fraser, district vice-president.

The Kern county authorities took action today to increase the protection extended by the law on the "wildcat" wells most of the fields are situated. The supervisors and Sheriff Newell fifteen special deputies for a thirty-day period. This has done after the sheriff had stated he wanted the men to enable him to put a stop to union men taking non-union workers to the union hall and there forcing them to appear before a strike committee.

General chairmen of the Federated Shop Crafts, of which Bert M. Jewell is head, arrived for their meeting tomorrow.

President E. H. Fitzgerald, head of the Brotherhood of Railway Clerks, Freight Handlers, Express and Station Employees, ordered his chairmen in for Sunday.

The combined membership of these two groups is 1,500,000 men. "There is nothing left for us to do but strike," Jewell said.

Fitzgerald said his men were "ready."

Statements of the two indicated the big membership of the groups would be thrown into the balance. The unions not affiliated with the brotherhoods plan to call all of their men out at once and not follow the announced brotherhood plan of a progressive strike, it became known.

The big offensive of railroad executives will be waged against the shop crafts in event of a walkout, it was indicated by the trend of events.

Executives do not plan to employ strikebreakers, but the shops intend to put padlocks on their doors until the men seek their jobs back, it was authoritatively stated.

Then, it was stated by one executive, when the men come back to work, it will be under open shop conditions.

Cowles Is Elected Grand Commander

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE. WASHINGTON, Oct. 18.—John H. Cowles of Louisville, Ky., was today elected sovereign grand commander of the Ancient and Accepted Scottish Rite of Free Masonry, Southern Jurisdiction of the United States. Other officers of the supreme council elected today included Perry W. Weidner, Los Angeles, secretary-general.

Vocational School Contracts Cancelled

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE. WASHINGTON, Oct. 18.—Bluntly characterizing "exploitative and reactionary" the "minds, bodies and souls" of former service men placed in some commercial schools for vocational training, Director Forbes of the Veterans' Bureau announced today the cancellation of more than a score of contracts with schools in various parts of the country.

Daylight Bandits Loot Canada Bank

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE. TORONTO, Oct. 18.—Five armed and masked men entered the branch of the Bank of Hamilton today, compelled all the men and employees to get on the floor, rifled cash and vaults and escaped with \$3000 in a motor car. Shots were fired after them.

Harding Backs Labor Board Plan as Most Effective and Fairest Way of Preventing Nation-wide Rail Strike

STRIKE PLANS OF RAILROAD MEN HALTED

Federal Summons to Meet With Labor Board Comes As They Were Preparing to Formulate Battle Campaign

Heads of Unions, Aside From Brotherhoods, Show Disposition to Join the Strike If Given Free Hand in Fight

CLEVELAND, Oct. 18 (By the Associated Press).—A scheduled meeting here today of the "big five" transportation brotherhoods was cancelled this morning when the five executives were requested by the Railroad Labor board to meet with the board in Chicago Thursday morning.

Warren S. Stone, president of the Brotherhood of Locomotive Engineers, announced.

CHICAGO, Oct. 18 (By the Associated Press).—Telegrams summoning the chiefs of the "big four" brotherhoods and the Switchmen's union to a conference with the U. S. Railroad Labor board in an endeavor to forestall an actual walk-out on the nation's railroads were despatched to the labor chiefs today.

The conference was called for 2 o'clock Thursday afternoon, October 20, at the Labor board headquarters here.

All of the members of the board are in the city except the three public members, who have been in conference with President Harding and the Interstate Commerce commission at Washington. The latter will reach Chicago late today.

No outline of what the conference will discuss could be obtained, but it was said that new proposals would be presented to the labor men in an effort to prevent an actual cessation of work on the roads.

Unity of Workers Not Yet Effected

By CARL VICTOR LITTLE, United Press Staff Correspondent. CHICAGO, Oct. 18.—Formal action on support of the five big brotherhoods in their October 30 strike call by other rail workers, today hinged on the meeting of two important union groups here.

General chairmen of the Federated Shop Crafts, of which Bert M. Jewell is head, arrived for their meeting tomorrow.

President E. H. Fitzgerald, head of the Brotherhood of Railway Clerks, Freight Handlers, Express and Station Employees, ordered his chairmen in for Sunday.

The combined membership of these two groups is 1,500,000 men. "There is nothing left for us to do but strike," Jewell said.

Fitzgerald said his men were "ready."

Statements of the two indicated the big membership of the groups would be thrown into the balance. The unions not affiliated with the brotherhoods plan to call all of their men out at once and not follow the announced brotherhood plan of a progressive strike, it became known.

The big offensive of railroad executives will be waged against the shop crafts in event of a walkout, it was indicated by the trend of events.

Executives do not plan to employ strikebreakers, but the shops intend to put padlocks on their doors until the men seek their jobs back, it was authoritatively stated.

Then, it was stated by one executive, when the men come back to work, it will be under open shop conditions.

Cowles Is Elected Grand Commander

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE. WASHINGTON, Oct. 18.—John H. Cowles of Louisville, Ky., was today elected sovereign grand commander of the Ancient and Accepted Scottish Rite of Free Masonry, Southern Jurisdiction of the United States. Other officers of the supreme council elected today included Perry W. Weidner, Los Angeles, secretary-general.

Vocational School Contracts Cancelled

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE. WASHINGTON, Oct. 18.—Bluntly characterizing "exploitative and reactionary" the "minds, bodies and souls" of former service men placed in some commercial schools for vocational training, Director Forbes of the Veterans' Bureau announced today the cancellation of more than a score of contracts with schools in various parts of the country.

Here Are Vital Moves Made Today in Railway Strike

DEVELOPMENTS in the railroad strike situation took a sensational turn today. A summary of new moves by railway executives, railway workers and the federal government follows:

Head of the railway Brotherhood and the Switchmen's union assembled at Cleveland to formulate plans for the proposed nation-wide tie-up of railroads October 30.

Labor leaders summoned to Chicago by Federal Railway Labor Board for a conference Thursday afternoon.

Subordinate strike leaders named by brotherhoods in the various railway centers of the country.

Administration leaders at Washington officially announced that the decision of the Railway Labor Board relative to averting the strike would be enforced by the government.

This plan involved the suspension of the wage reductions order and putting into immediate effect rate reductions.

The White House announcement is in effect an ultimatum to both sides in the controversy that a paralysis of the nation's industries, which would result from a general railroad strike, would not be tolerated.

Army Searched For Men Who Can Operate Trains

Government, Anticipating Big Walkout, Prepares to Man Trains With Soldiers.

WASHINGTON, Oct. 18.—A program of action for the War Department in the event the threatened rail strike causes a grave national emergency is now being prepared by general staff officers of the army, it was learned today.

BY INTERNATIONAL NEWS SERVICE. LEASED WIRE TO TRIBUNE. WASHINGTON, Oct. 18.—Major-General John L. Hines today received orders from the War Department to make a survey of the entire Eighth Corps area to secure the names of all officers and men in the area who have had experience in railroad operation and construction. The report is to be forwarded to Washington no later than noon October 19.

Orders take the War Department order to mean that the government is anticipating the operation of the roads of the country by military in case the threatened rail strike of October 30 is effective.

STRIKE CALL REVOLT.

SAYS CONGRESSMAN. WASHINGTON, Oct. 18.—The strike call of railroad brotherhood leaders was characterized as a declaration of industrial warfare by Representative Blanton, Texas, making the first congressional speech on the rail situation in the house today.

Blanton sharply denounced the union leaders and called on Republican Leader Mondell to sponsor a resolution stating that "every ounce of the federal government's power would be used to put down this rebellion."

The Texas attack caused Representative Burke, Pennsylvania, who holds a brotherhood card, to call Blanton "a damn liar."

Blanton then left the chamber, but the house was thrown into an uproar. When order was restored, the words were stricken from the record.

Schooner With Four Men Aboard Vanishes

BY UNITED PRESS. LEASED WIRE TO TRIBUNE. MARSHFIELD, Ore., Oct. 18.—The schooner Mary, owned by Franklin, with four men on board, has vanished without trace, the Coos Bay Coast Guard headquarters and the Arago Lighthouse reported early today.

Wireless messages have been received giving the vessel's location. The revenue cutter Bear is searching for the vessel.

The Mary was seen in tow of the schooner Mary Saginaw when the hawser parted in the heavy seas.

Refunding Debt Bill Favorably Reported

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE. WASHINGTON, Oct. 18.—Favorable report authorizing the creation of a commission for funding and refunding of the foreign debt was ordered by the House ways and means committee. The measure is a substitute for the administration bill which would have given the Secretary of the Treasury blanket power over all foreign debt negotiations.

Bergdoll Papers Are Stolen From Solon

WASHINGTON, Oct. 18.—Valuable papers in the case of Grover Cleveland Bergdoll, Philadelphia draft dodger, were stolen from the office of Representative Ben Johnson, Democrat of Kentucky, last night. It was discovered today when the office was opened. With the Bergdoll papers went also a number of private papers of importance, Johnson said.

REDUCE RAIL RATES, THEN PAY, ORDER

President Believes Both Sides Have Violated Rulings of Federal Board and Proposes to Hold Both to Account

Fate of Labor Board Hinges on It Being Sustained, Is Theory of Administration; Cabinet Takes No Action

By H. K. REYNOLDS, International News Service Staff Correspondent. WASHINGTON, Oct. 18.—The administration will seek to enforce the decision of the railway labor board as its first step toward averting a nation-wide railroad strike. It was officially stated at the White House this afternoon.

The administration believes that all parties which have violated decisions of the board, both employers and employees, must be called on to account for their violations immediately.

The reasonable inference given by President Harding today was that the administration through the railroad labor board will call upon the brotherhoods to agree to the decisions of the board and will make a similar request upon the railroad executives and will also ask the railroads to make rate reductions. If these requests are denied, the administration will seek new measures of protection for the public either through legislation which may wipe out some of the existing statutes or through the exercise of the police power of the nation.

CABINET TAKES NO STRIKE ACTION.

The cabinet took no action on the railroad strike today, it was stated, and the administration did not issue the summoning of the railway chiefs to Chicago to confer with the railroad labor board.

It was stated, however, that the administration is desirous of determining whether the railroad labor board is a futile agency and whether its decisions are to be disregarded.

The conference between the railroad labor board and the brotherhood chiefs is looked to by administration leaders as the most probable means of determining upon a basis the strike which has been called may be averted, it was stated.

Judge R. M. Barton and Ben Hooper, the public representatives on the labor board, are due to arrive in Chicago this afternoon.

WILL RUN TRAINS IF STRIKE CALLED.

PROTECT HARBOR, WARNING GIVEN BY PORT EXPERT

Visitor Sees Wonderful Opportunity in Oakland's Waterfront.

(Continued from page 1)

ranged on a co-operative basis with San Francisco. Therefore I recommend a reorganization of the facilities of both cities to be determined by an unprejudiced commission."

On the basis of this inspection Smith and Jangle told members of the Chamber of Commerce and the Harbor Development committee what in their opinion are the possibilities of the port of Oakland.

The advice of the two Eastern port experts is expected to prove of assistance in bringing about proper harbor development in the bay region. Both are men of wide experience in harbor problems and can speak on matters with authority. Various city officials, including Commissioners Carter and Colbourn and others, accompanied the visitors on the tour of inspection.

POLISH OFFICER SLAIN.
WARSAW, Oct. 18.—M. Tronkiewicz, secretary of the Polish repatriation commission, now in Moscow, has been murdered in that city, it is said, in advices reaching here.

Bryce Declares Japanese Fear Is Exaggerated

Former Ambassador Says Nippon Men Not Numerous Enough to Be Menace.

LONDON, Oct. 18. (By the Associated Press).—Americans are apprehensive of Japanese aggression, says Viscount James Bryce, former British ambassador at Washington, in an article printed in today's London Times, in which he reviews the popular attitude of Americans toward the conference on the limitation of armaments as he observed it during his recent visit to the United States. He declares Americans hold the opinion that the Anglo-Japanese treaty encourages Japan to take an aggressive attitude.

Viscount Bryce depreciates the fear of the Japanese, and says among other things that the Japanese in California are not numerous enough to be a danger, although they are clamorous and progressive.

"Californians," he goes on, "have the same sort of dislike for them which the rougher part of the wage-earning class everywhere has for strangers who, while competing for work, are dissimilar in habits and aspirations. The irritation against the Japanese is sedulously fostered and diffused by the meaner organs of the press. American writers have even warned California to beware of a Japanese invasion, although every one might at this time and day be expected to know what would befall a fleet and army arriving at a hostile coast after a voyage of many thousands of miles, occupying more than three weeks."

BRITISH PREMIER TO ATTEND PARLEY IF IT'S POSSIBLE

Lloyd George Tells Commons of Delegates Chosen for U. S. Conference.

By ED L. KEEN.
United Press Staff Correspondent.

LONDON, Oct. 18.—Without formality, but with government heads tense pending pronouncement of policy, the British parliament convened at Westminster this afternoon. The House of Commons was crowded when the speaker called the session to order.

Lloyd George, addressing the House, expressed the hope that he would see Washington to attend the limitation of armaments conference "as soon as the parliamentary and the general situation rendered such a visit possible."

The prime minister announced the British delegation to Washington would include Arthur James Balfour, Lord Lee, first lord of the admiralty, and, he hoped, himself.

OTHER DELEGATES ARE NAMED.
Sir Auckland Geddes, British ambassador at Washington, would act as a delegate to the arms conference, Lloyd George announced, if any of the principal delegates were compelled to be absent.

Lloyd George announced the British delegates would represent South Africa at Washington. Earl Beatty, he said, would represent the navy; Sir Cavanah, the army; and Sir Marshall Higgins, with Sir Maurice Hankey, the air force.

The other delegates would probably be Pearce of Australia, Sir Robert Gordon of Canada and Sir Viscount Sastri of India, who attended the imperial conference and the assembly of the League of Nations at Geneva, it was believed.

Lloyd George postponed discussion of unemployment, Great Britain's most important domestic problem, until tomorrow. Irish negotiations had not progressed sufficiently to enable Lloyd George to make more than a brief statement that the conference had opened.

In Paris Premier Briand faced the reassembled French parliament with probably the hardest task of his career before him. There were nearly fifty interpellations awaiting his appearance, questions which covered every angle of home and foreign policy. A concerted effort to unseat the prime minister was believed possible. If the attempt succeeded, it would mean entire rearrangement of the French personnel for the Washington limitation of arms conference.

ALBANIAN CABINET GIVES UP OFFICE.
TIRANA, Albania, Oct. 18.—The Albanian cabinet resigned today. Inability to cope with the situation arising out of the Serbian "invasion" and the insurrection at Miridit, was given as the reason.

A "cabinet of national defense" probably will be organized. Serbian troops operating at Malesia and Jakova have sent an ultimatum to the Albanians, demanding they evacuate the territory.

BY ASSOCIATED PRESS.
LEARNED WIRE TO TRIBUNE.

BERLIN, Oct. 18.—Dr. Joseph Wirth, German chancellor, was believed here today to be prepared to submit the resignation of his ministry to President Ebert. Official announcement of the decision of the Council of the League of Nations relative to the partition of Upper Silesia was expected momentarily.

Political conditions in Germany would seem to indicate growing opposition to the continuance in power of the radical political parties. The Socialist and Communist parties, which for a year have held control of the city council, were defeated in the Berlin municipal elections Sunday. The bourgeois parties elected 116 candidates, while only 100 radicals were successful, there being three districts in which the result is still in doubt.

Extraordinary scenes followed the reopening of the Bourse yesterday. Foreign exchange rates soared to new heights, offerings being so scarce and the demand so overwhelming that buyers were allotted only a portion of the lots they desired.

In the stock market prices of industrials and other stocks jumped 100, 200, and in some instances 500 per cent, closing around top figures. American dollars reached 195 and closed at 190.

BY ASSOCIATED PRESS.
LEARNED WIRE TO TRIBUNE.

PARIS, Oct. 18.—Chancellor Wirth of Germany has announced to the commission of the deans of the Reichstag his intention to resign after the decision of the council of the League of Nations relative to Upper Silesia is received.

IN THE PUBLIC EYE

1.—E. A. SHEPARD of New Jersey is the newly appointed general controller of the United States Shipping Board Emergency Fleet Corporation.

2.—CHARLES W. FERGUSON of Nebraska is the new appointee to the post of assistant secretary of agriculture.

3.—BASIL MILES of the State Department has been appointed secretary to the United States delegates to arms parley.

4.—CYRUS H. K. CURTIS, well-known owner of the Curtis Publishing Company of Philadelphia, has arrived in the Potomac river at Washington aboard his yacht Lyndora. (All pictures by Underwood & Underwood.)

FRENCH DEPUTY LAUNCHES ATTACK ON ARMS PARLEY

Declares U. S. Is Seeking New Markets and Aiming at Far East.

By WEBB MILLER.
United Press Staff Correspondent.

PARIS, Oct. 18.—The United States is suffocating beneath the weight of her own gold, Deputy Margaine declared in the chamber today, launching a verbal attack on the limitation of armaments.

Margaine opened the debate on the arms meeting shortly after the chamber went into session. He declared the scope of the Washington conference was gradually shrinking.

"There is no question now of general disarmament," he cried. "The United States suffocates beneath the weight of her gold, is seeking new markets and aiming at the Far East, where it is meeting Japanese competition and colliding with the Anglo-Japanese alliance."

He charged that this situation in the Far East was the real reason why America had called a conference to discuss "limitations of armaments and Pacific questions."

ROME, Oct. 18.—Signor Delia Torretta, minister for foreign affairs, will head the Italian delegation to Washington, but will remain only during the preliminary of the limitations of arms conference, it was reported here today. Formal announcement that Delia Torretta would head the Italian delegation was expected from the cabinet today.

WASHINGTON, Oct. 18.—Efforts will be made in the limitation of arms conference to bring about the death of the Anglo-Japanese alliance, it was learned today.

The United States Government, it is known, is utterly opposed to this military compact between Great Britain and Japan, and, in fact, considers it a menace.

How to remove this menace will be one of the principal problems for the American delegation in the conference.

If you see it in The TRIBUNE tell them so.

Bullet Fired at Former German Cabinet Member

(By Associated Press)

BERLIN, Oct. 18.—Philip Scheidemann, former secretary of foreign affairs, was fired upon during a meeting of the People's party in Ludenscheid, Westphalia, last night.

The bullet went wild, and Herr Scheidemann was uninjured.

Five persons were arrested for the attempted assassination.

Employees of printing offices and newspapers went on strike last night and the newspapers did not appear this forenoon.

Britain and Japan, and, in fact, considers it a menace.

How to remove this menace will be one of the principal problems for the American delegation in the conference.

If you see it in The TRIBUNE tell them so.

HE DARKENED HIS GRAY HAIR

Tells How He Did It.

Mr. J. A. McCrea, a well-known resident of California, who was called Daddy and Grandpa on account of his white hair, and who darkened it with a home-made mixture, recently made the following statement: "Anyone can prepare a simple mixture at home that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Barbo Compound and 1/4-ounce of glycerine."

The ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. It does not color the scalp, is not sticky or greasy and does not rub off."—Advertisement.

MOSBACHER'S

517-519 14th St. OAKLAND

Student Captured As Burglar Suspect

Charles L. Lyen, who said he was a law student at the University of California, was arrested at 2 o'clock this morning after a chase of two blocks during which a shot was fired by police officers who thought him to be a burglar. Following an investigation he was released.

Police J. C. Christensen and A. J. Morgenthaler were at Fifty-fifth and Grove streets when they heard a crash of glass. They saw a man run from in front of F. F. Mecker's drug store at 5411 Grove.

Lyen was captured at Fifty-fifth and Genoa streets. He said he had been to a party in Oakland and stopped in front of the drug store because he wanted some gum.

According to the officers, he did not have any pennies, and while trying to force a nickel in the slot the gum machine fell to the sidewalk.

Lyen says he resides at 2007 Carlton street, Berkeley.

Scotland and Switzerland rank as the best-educated countries in the world.

Fortified Lunatic Captured by Ruse

YTHATA, Mich., Oct. 18.—After holding state police at bay with a shotgun throughout yesterday and last night Frank Parlovitch, escaped inmate from the state hospital for the insane at Travers City, left his fortified home near here today and was arrested by the officers. The capture was effected through strategy. The officers sent a message to him promising to recompense him for damage done to the home by rifle fire. He accepted the offer of a truce, and went to a local hotel where he was arrested and put in irons.

Luncheon Called Off By Progressive Club

Due to the Durant day luncheon, which will be conducted tomorrow at Lakeside park, members of the Progressive Business Club announced today that their luncheon for this week would be done away with and representatives would attend the affair, conducted under the auspices of the Lions Club.

S. F. LOSES FIGHT FOR HOSPITAL IN SARATOGA HILLS

Santa Clara Supervisors Deny Petition to Establish Home for Tubercular Patients.

SAN JOSE, Oct. 18.—San Francisco yesterday afternoon lost its fight before the local board of county supervisors to secure permission for the establishment of an elaborate home for arrested tubercular cases, the building having been proposed for a point near Saratoga, in the western foothills. By a unanimous vote the supervisors denied the petition.

Action came after City Health Officer Hassler and Supervisor Ralph McLaren, chairman of the finance committee of the San Francisco board, had pleaded their case and thereafter had it assailed by T. S. Montgomery, Charles D. Blaney, S. P. Patterson, Paul Mason and other representative speakers of Saratoga. Hassler and McLaren declared to the board that the proposed tuberculosis hospital would be absolutely free from any contagious influences on the foothill community, stating that only arrested cases would be placed there for observation. The hospital, they stated, would not be a place of infection and there would be no nursing establishment provided.

The San Franciscans expressed the belief that the hospital would not only not injure the community but would be an asset to it.

The Saratogans voiced eloquent and vociferous in their opposition to the proposed hospital, declaring that the establishment of the tuberculosis hospital there would "crush Saratoga just as the establishment of Sing Sing penitentiary crushed Ossining."

Several witnesses were sworn and presented affidavits stating that the proposed hospital would be situated within less than 2000 feet of their homes, providing legal grounds for the supervisors to vote down the request of the San Franciscans. A motion to deny the permit was made by Supervisor J. C. Connelley. The motion was adopted without a dissenting vote.

Huge Garage To Be Erected By Niles Man

NILES, Oct. 18.—Ed Rose, local garage proprietor, today announced plans for enlarging his business which will involve an investment of \$50,000 and which will give him one of the largest garages outside of Oakland in Alameda county.

Rose has purchased a string of buildings on Main street adjoining his present location and intends to move them. On the sites he will build a modern garage capable of storing 600 automobiles at one time. He will then combine the new garage with the one he conducts at present.

The deal will make it necessary for half a dozen business concerns here to seek new locations.

Newark C. E. Society Gives Unique Party

NEWARK, Oct. 18.—Members of the Newark C. E. Society of the Presbyterian church here today are receiving congratulations as the result of the success of the 7-cent social given last week by the organization.

The social was a novelty never before given in this vicinity and attracted scores of people. Seven cents was the charge of admission. The proceeds were for the purchase of a new piano for the church.

Newman Man Held As An Immigrant

NEWMAN, Oct. 17.—On his way back to Newman, after visiting at his old home in Portugal, Mr. C. Lima is held at Ellis island and denied entrance to this country, presumably on the grounds that Portugal has exceeded her percentage of immigrants. Lima has a family here and has lived in this district for sixteen years, but is not a citizen of the United States. He has notified relatives who will on his behalf make a matter up with Senator Shattuck and the State Department.

STOLE TITANIC RELIC

PARIS, Oct. 18.—Florence Madden, an English girl, has confessed that she stole a \$15,000 diamond brooch from Mrs. J. J. Brown, an American visitor to Deauville. The brooch was the only valuable saved by Mrs. Brown, who was a passenger on the Titanic when it sank in 1912.

208-MILE RUNNER FAILS

LONDON, Oct. 18.—C. W. Hart, the famous long-distance runner, now 55, is in a serious condition as a result of his attempt to run 208 miles to Brighton and back twice.

Woman's Will Is Upheld by Jury

TURLOCK, Oct. 17.—The will of the late Elizabeth Hall has been upheld by a jury in Superior Judge Fulkner's court. A verdict was rendered within half an hour. Elizabeth Hall, divorced wife of Charles Hall, left an estate worth more than \$10,000 to her daughter and her son and two children by a former marriage. The sum of \$10 was left to a minor child, upon the grounds recited in the will, that the father would take care of her. The will was contested.

Boys Exonerated of Charge of Robbery

TURLOCK, Oct. 18.—Charges of robbery against Ralph Persson and Walter Lang, local youths, have been dismissed by Justice Brown. After Peterson, complaining witness, informing the court that he was mistaken in their identity. He said he at first believed them to be the pair who held him up in his grocery and took a considerable sum of money from his cash register. Circumstances now point to two strangers in the county jail as the hold-ups.

Storms Drive Deer Into California

BEND, Ore., Oct. 18.—Annual migration of deer from Lake county south into California is under way. Travelers from the south report. The migration began with last week's storm. Herds of from ten to fifty deer make their way across Devil's Garden, east of Bend, with the first heavy precipitation each fall.

Atwater Road to Close to Traffic

MERCED, Oct. 18.—Now that the state highway commission plans to practically rebuild the highway between here and Atwater, that road will probably be closed soon, and so remain for several months. Two sections of 3000 feet each are being entirely rebuilt with eight-inch concrete and a width of 20 feet. This is on heavy soil, where water undermined the road in the past. For the remainder of the way shoulders will be built, making the highway 20 feet wide for the entire distance between the two places.

Open Breweries to Provide Work, Plea

ST. LOUIS, Oct. 18.—A resolution, calling upon Congress and President Harding to enact legislation and amend the national prohibition enforcement act to permit the manufacture of light wines and beer in order that the breweries might be reopened, thereby relieving the unemployment situation, was presented in the meeting of the city unemployment commission here yesterday.

WRANGEL YACHT SUNK

CONSTANTINOPLE, Oct. 18.—The Yacht Lucullus, on which General Baron Wrangel, former head of the anti-Bolshevik government in South Russia, was making his home, was struck at the entrance of the harbor late Sunday by the British steamer Adria and sunk with the loss of two lives. General Wrangel and Baroness Wrangel were ashore.

SHOT AS HIS HORSE WINS.
BREST, Oct. 18.—Just as his horse was winning at Landisvieu race course, M. Albert Roussin, a wealthy sportsman, was shot dead by Mlle. Nana Villiers, one of his guests. She said she killed him to save him from another woman.

FIVE-YEAR HABIT WINS.
LONDON, Oct. 18.—Dram shop proprietors in all parts of Britain have been disappointed by the public's failure to respond to the extended drink houses. It appears that the habit formed during the last five years cannot be easily changed.

TURNS FATAL CARD.
ROME, Oct. 18.—Italian society is still gossiping over the suicide of Countess Adele Florentine. One story is that she fell in love with her maid's husband and played cards for him. The Countess turned the losing card and shot herself.

MUFFLED AIRPLANE.
GENEVA, Oct. 18.—M. Berger, a Swiss scientist, claims to have invented a muffler which silences airplane motors. This, he declares, will make bomb attacks in war more deadly, because the airplane can fly lower.

HOUSE OF DEAD ROBBED.
CHICAGO, Oct. 18.—While his wife was lying dead in the house, burglars broke into the home of Jarvis W. Ledbrook, at Glen View, and stole \$250 worth of jewelry and silverware.

IMMIGRATE TO PALESTINE.
JERUSALEM, Oct. 18.—From December, 1919, to July, 1921, the number of Jewish immigrants into Palestine was approximately 15,000. A tremendous increase is expected this year.

EXPLORER AT FUNERAL.
FUNCHAL, Island of Madeira, Oct. 18.—Sir Ernest Shackleton and his party of explorers on their way to the Antarctic on an exploring expedition, have arrived here on board the ship Quest.

PRISON DOORS FOR SALE.
LONDON, Oct. 18.—Two doors from the death cells of old Newgate prison are to be sold at auction, together with the flagstaff on which the black flag was run up at times of execution.

200 More Dresses

of Silk and Wool, have entered the sales at

\$33

They are regular \$45 to \$75 values

We instructed our New York buyer to send us every Dress that he could buy at a good enough bargain for our Birthday Sale. As a consequence each day of the sales will find something new here in Ready-to-wear. Yesterday's arrivals included many of these wonderful Dresses to sell for \$33.

The many different models include straight line styles, bloused styles and circular tunic effects. Fancy styles for best wear of materials truly astounding at this low price.

And, lest you forget,

We again call attention to that supreme sale of Coats at

\$24, \$39 and \$54

with greatly amplified stocks since the first day.

---Second Floor, Capwells.

Another Amazing Special Purchase of Silk Blouses, \$3.85

Blouses of georgette crepe, crepe de chine and satin. We told the manufacturer about this great savings-festival, and he has gladly co-operated with us in our efforts to offer good and modish blouses at unusual reductions.

There are plain and fancy blouses, blouses with round collars, or square collars, blouses with high collars, blouses with low collars, and blouses with no collars at all. Laces, tucks, pleatings and embroidery are to be found in the trimmings. They may be had in white, flesh, Copenhagen, gray, bisque, brown, navy and black, while one clever tie-back model is made of striped satin.

LOVE-SICK YOUTH, 17, KILLS HIMSELF

TACOMA, Wash., Oct. 18.—Love sickness was responsible for the death of Albert Coulter, 17-year-old high school junior, who fell dead on the street after taking poison, police said today.

Clutched in the youth's hand was a copy of a love song and in his pockets were found two notes, the names and addresses of several high school girls, their pictures, silk handkerchiefs and powderpuffs.

"What I do, I do of my own free will," one of the notes read.

Coulter's father is treasurer of the Tacoma Paper and Stationery Company.

School Directors to Be Luncheon Guests

A special luncheon to school supervisors and directors will be held Thursday at the Hotel Oakland by the Federated Women's Clubs and the Mothers' Clubs, as one of the annual events which are planned to bring better understanding between educators and the parents of the children they educate.

Plans have been made for 500 at the luncheon, and the Board of Education has given the educators permission to attend, granting a half-day leave of absence. The arrangements for the luncheon, which will be attended by the Board of Education and the superintendent of schools, are under charge of Mrs. William Cramer.

Japanese Delegation to Parley Arrives in S. F.

By ELLIS H. MARTIN.
International News Service Staff Correspondent.

SAN FRANCISCO, Oct. 18.—Japan's delegation to President Harding's disarmament conference arrived today. They came paying tribute to the sincerity of President Harding's move toward world peace and with assurances of the earnestness with which Japan is approaching the conference.

Army, navy, state department, city and civil officials joined in welcoming the Japanese delegation numbering 33, which arrived on the Korea Maru this afternoon.

Major General Tanaka, who will represent the Japanese army at the conference in Washington, acted as spokesman for the delegation in the following exclusive wireless statement to International News Service as the liner neared land:

"We have had a peaceful and pleasant voyage and are looking forward with great pleasure to landing on American soil and shaking hands with Californians, our neighbors on the other side of the Pacific. I am thankful to be given the opportunity before landing, through your medium, of expressing our sincere friendship to America and announcing that the Japanese are earnest in wishing success for the Washington conference convened by President Harding, who is actuated by the most honorable motives for the consummation of important world peace.

"In conclusion may I add, I remained several years in America as an army attaché and had many and friendly acquaintances."

Funeral of Argonne Hero Set for Monday

Funeral services for Otto J. Carlsen, who was killed in action in the Argonne on September 26, 1918, will be held on Monday at 2 p. m. from the home of his parents, Mr. and Mrs. Jorgen Carlsen, 3722 Laguna avenue. Carlsen was a member of the Signal Corps, 353d Infantry, 91st division. He was 26 years old. Before entering the service Carlsen was proprietor of the Hopkins street market.

Besides his mother and father, Carlsen is survived by three brothers, Governor William D. Stephens, and Mrs. Jorgen Carlsen.

"GUTTER HUNTER" UNABLE TO FIND ANY GOLD HERE

Harry Kranzman, known as "Boston Curley," arrived in town today and after spending a few hours roaming the town, announced that Oakland citizens are not in the habit of dropping money on the streets.

Kranzman "lives on the gutter," as he says, meaning that he plucks coins from the city's gutters to provide funds on which to live. Only a few cents were gleaned from Oakland's gutters, the traveler declared, either because the street department is on the job or people are not in the habit of throwing away money.

Kranzman came from San Francisco and New Orleans in one day, Kranzman said. Kranzman served overseas with the British army in Palestine, in France and in Italy. He enlisted when he was 16 years of age.

AUTO, BICYCLES STOLEN.
SAN LEANDRO, Oct. 18.—One automobile and three bicycles were stolen here last night, according to reports made to the police early this morning. The automobile belonged to G. C. Plump of Joaquin avenue.

Council Is Postponed As Officials Sail Bay

As Mayor Davis and Commissioners Colbourn, Carter and Bacous were sailing the briny deep this morning aboard a revenue cutter, as guests of the government, the City Council meeting was postponed until tomorrow.

NOONDAY SILENCE FEATURE.

The Metropolitan library and reading and rest rooms, 407-408 Central Bank building, which were recently established, are reported to be on a firm operating basis. Each day there is a noonday silence, held on Monday by Miss Ida Elliott, on Tuesday by Miss Ruby Farnham, on Wednesday by Mrs. Nellie Thelbeck, on Thursday by Miss Marion, on Friday by Mrs. Eastman and on Saturday by Miss Ruthanna Farley. Alice N. Stone is librarian. The hours are now from 12 to 5 daily.

KNIGHT'S SWORD STOLEN.
ALAMEDA, Oct. 18.—The police are wondering why a burglar should steal a sword. One belonging to Roy Cook, 415 Marion court, was reported gone last night by Mrs. Cook. The weapon is a Knights Templar sword and is valued at \$150.

Friends and acquaintances are respectfully invited to attend fun-

When Mr. Jones was saved from the frying pan—

They talk yet of the change that came over Jones. Some said it was psychology. Some said it was a miracle. All said it was a mystery.

When they asked Jones, he said it was liberation from slavery—slavery to the frying pan, and to grease and starch.

Jones used to take his breakfast fried, and followed this with a heavy lunch.

In those days they said at the office: "Old Jones has a secret sorrow and he's sore on the world."

One day Jones started late—no time for the usual breakfast to be cooked.

Jones had a breakfast on Grape-Nuts with good cream. He was delighted with the crispness and rich flavor. Felt satisfied and "fed." Tried it again at lunch. Kept on breakfasting that way—often lunching, too.

Jones began to "perk up," talk up, step up—GET up.

"Let Jones show you how to do this," they began to say at the office.

As to Jones—he said: "That's a great food—GRAPE-NUTS."

There are thousands of Joneses, both kinds—reckless feeders and wise feeders.

"There's a Reason" for Grape-Nuts

—the perfected goodness of whole wheat and malted barley—delicious, nourishing, ready to eat. All grocers.

80-YEAR-OLD VETS, BOYHOOD CHUMS, HOLD REUNION

SANTA CRUZ, Oct. 18.—Col. W. V. Lucas has returned from the National G. A. R. Encampment at Indianapolis. Col. Lucas attended a remarkable reunion while there.

At Delhi, Ind., where he was born, five schoolmates of 75 years ago, gathered at a reunion and dinner in their honor, attended by about seventy people.

Of the five the oldest was 88 and the youngest was 81. Two of them live on the farms where they were born over eighty years ago and a third on the farm on which Col. Lucas was born. The farms where they were born were all within a radius of a mile and a half.

SMUTS NOT COMING.

CAPE TOWN, Oct. 18.—Announcement is made that Premier J. C. Smuts will not attend the armaments conference at Washington.

JURY INDICTS CULT LEADERS

SAN FRANCISCO, Oct. 18.—An indictment containing four charges against W. E. Riker and wife, Lucille, self-styled "immortals" of the "perfect Christian divine way" cult, was to be served on the accused pair today.

They are charged with conspiracy against public morals, conspiracy to obtain money under false pretenses, grand larceny and embezzlement.

The charges followed a long investigation in which authorities say they learned that Riker and his wife persuaded members of the cult to turn over to them all their property and then work "for the cult" without pay other than a mere living.

A branch of the cult was said to be flourishing in Los Angeles.

HANDWRITING TRANSMITTED BY WIRELESS

NEW YORK, Oct. 18.—Wireless transmission between France and the United States of handwriting has been effected through the invention of Professor Edouard Belin, the New York World announces. Fac-simile photographs of the writing are reproduced by the paper.

Messages from General Pershing and Premier Briand of France, sent from the Belin laboratories in Paris, were received Sunday and recorded in the handwriting of the senders at the United States naval radio station, Outer Cliffs, near Bar Harbor, Maine. Professor Belin received the message.

General Pershing sent a few words of greeting to the news paper and Premier Briand wrote in French.

"I am delighted at the thought of going to Washington."

SHEEP GLANDS FOR BACKWARD CHICAGO PUPILS

CHICAGO, Oct. 18.—Pupils in subnormal classes at Chicago schools will be fed on a sheep gland diet as soon as arrangements can be completed, it was announced today by Dr. Frank G. Bruner, director of the special schools department of the Board of Education.

The diet is the idea of a health department physician and several thousand children will partake of the sheep glands prepared in the school kitchens.

Man Making Wine Falls In and Drowns

CHICAGO, Oct. 18.—Sam Minabella, 31, slipped while making wine yesterday, and fell head-first into the lake. He was dead when relatives found him.

BANDIT CALLS AGAIN.

VANCOUVER, B. C. Oct. 18.—The same bandit who three nights ago held up the National Cafe here and robbed the till of \$75 returned last night; this time obtaining \$25 with his revolver. "I'll visit you often," he remarked as he backed into the street and escaped.

Council to Hold Outing On Sunday

District Council No. 11, American Association for the Recognition of the Irish Republic, will hold an outing at Sheldons park next Sunday, according to an announcement made this week by William A. Lynch, district president. The affair is for the benefit of the council treasury. Frank Yocell is chairman of the sports committee and Anthony Heneghan is in charge of the program.

BLIZZARD TRAPS PARTY.

ZURICH, Oct. 18.—A party of American and Canadian tourists climbing the Matterhorn were trapped in a small hut on the mountain for three days. Two members of the party were badly frostbitten.

Many Injured in Texas Train Work

DALLAS, Tex., Oct. 18.—A number of persons were injured, but none killed when the eastbound "Sunshine Special" of the Texas and Pacific Railroad was wrecked last night near Vanhorn, Texas, according to advices to the road's general offices here.

The wreck was caused by a broken rail, the engine, three sleepers and a dining car left the rails.

climbing the Matterhorn were trapped in a small hut on the mountain for three days. Two members of the party were badly frostbitten.

HOOVER SELLS INTEREST IN CAPITAL PAPER

WASHINGTON, Oct. 18.—The Washington Herald today made the following announcement:

"The Herald announces today that Herbert Hoover, secretary of commerce, has sold his minority interest in this newspaper to the majority stockholders and thus severed any connection as part owner."

"Julius Barnes and his associates thus increase their interest in the paper."

FOOD APPEARS IN RUSSIA AS BAN ON TRADE LIFTS

Prices Remain High and Out of Reach of Many Workers Get 1,500,000 Rubles Mo.

(Correspondents of the Associated Press who were admitted to Russia with the American relief workers found the economic conditions there of great interest. The bars against free trading had been removed by the Lenin government and the people were again allowed to buy and sell without danger of confiscation. But wages in Russia's depreciated currency were fantastic. This condition is described in the following article, written by one of the men sent into Russia and who has previously reported by cable the famine situation.)

MOSCOW, Oct. 18 (by the Associated Press).—Russia's struggle to recover economic normalcy overshadows all political considerations and is the one subject which is commanding the attention of Russians of all parties and sets.

The contention of the Bolsheviks that food and manufactures articles had been hoarded has been justified to a certain extent by the sudden appearance upon the markets of nearly all kinds of foodstuffs and notions.

Markets, stalls and small shops open up all over the city, the declaration of free trade in domestic commerce. Needles, pins, thread, nails, toilet articles, cloth, shoes, tinned milk, Australian corned beef, English pickles, preserved caviar, sugar, cheese, tea, coffee biscuits and various household articles and furniture which their appearance suddenly.

Prices are so high that only the wealthy can afford to go to Russia today, can buy extensively. But the market folks do such a lively business that the Bolshevik claim about ending hoarding is also supported to a considerable extent.

Larger shops have not opened extensively in the center of Moscow, and the small hatters, shoe dealers and clothiers have chiefly continued their activities to various street markets and bazaars. As the weeks of free trade drag on, merchants are beginning to realize that the revolution and have apparently lost all fear that Soviet government threw open the markets for the purpose of driving goods out of hiding and confiscating them.

In one of the worst famine centers on the Volga the Associated Press correspondent saw hungry refugees starving in the sight of markets where bread, meat and goods of food were displayed in great quantities for sale at prices entirely beyond the reach of the average Russian.

Russians who are in the worst plight are the formerly well-to-do who have not found employment under the Soviet government. Employees of the government and of some food. Consequently all departments are greatly overstaffed and the clamor for positions is deafening. Salaries are small and the scale of prices is so high that it is impossible to learn what the standard of living is. Employees work for food rather than money. One woman clerk in the foreign office told the correspondent that she receives 7000 rubles a month.

Workers in some of the automobile factories are reported to receive from 1,000,000 to 1,500,000 rubles a month. Others who are paid in goods and money and receive perquisites in the way of manufactured products, food, rent.

Under the revised economic plan, taxes must be paid on the use of street cars. Charges are also to be made for light, telephones, telegraph and postage. Free rent is also disappearing and rents are to be regulated to keep up repairs at their own expense under the direction of house committees.

Krassine and other economic experts who are working out the new trade policy make it plain that the government is really to have a revolution. Krassine retorted: "That's what always happens in revolutions."

"I didn't happen in Germany," "But Germany is really to have a revolution," Krassine retorted.

TRIBUNE TO BE THEATER HOST TO CHILDREN

Just listen to this. Ten kiddies of the Eastbay cities. The Oakland Tribune and the American theater have planned another one of those wonderful big free moving picture shows and this time it's a surprise, in store for all who attend. The TRIBUNE and the American theater is going to present every one in the audience with some kind of a prize. Now doesn't this read like a real party?

And here are some of the performers who will take part several weeks when you have not seen for some time. Bernice Blundell, Violet Taylor, Wilma Brathbury, the Hubbard sisters, Thelma and Doris. Then there will be The TRIBUNE's juvenile flagellation trio, a new act with Dorothy Matthews and the Margie Bros. in its cast. Dudley Manlove and Baby Bob Phifer. will offer a Sailor's Hornpipe dance and the following old favorites: Betty Jean Teeple, Bernice Claire Jahnken, Albert Hain and Evelyn Cavanaugh will also be on hand.

The show starts at 8:30 sharp. On hand early and get a good seat.

HE'D O. K. THE TRUTH AND THE VALUES IN OUR ADVERTISEMENTS

Men's Flannelette NIGHT SHIRTS **98c**

Excellent quality; just 150 in the lot. Very special, each. (Main Floor)

125 years ago tomorrow, October 19, 1796, our George Washington delivered his farewell address to the public of the United States and retired to his historic home at Mount Vernon. He has been held up as a model, to the past and present, and will be, to future generations, as the "Father of our country" and a great exponent of, and believer in, "TRUTH." That's why we say he would commend our advertising. We believe in truth and honest values, and stand back of what we say and **CHEERFULLY REFUND YOUR MONEY** any time you are not entirely satisfied. Read over the items for Wednesday. You'll find some dandy bargains, especially among the **EARLY HOT ONES**.

MAIL CAR BURNED.
DENVER, Colo., Oct. 18.—More than 50,000 articles of mail, including parcel post packages and second class matter, addressed to Denver residents, were burned Sunday at Akron, Colo., when a United States mail car caught fire from engine C. Koford, Alameda county. C. W. Sparks and was destroyed. The mail was from Eastern points.

SUIT CONTINUED.
YUBA CITY, Cal., Oct. 18.—Hearings of the suit to validate the easement levied by the Sacramento parcel post drainage district in the case matter, addressed to Denver residents, were continued until December 5. Three superior judges are sitting: Nicholas Tolumne, and J. W. Bartlett, Trinity.

Educators to Be Speakers At Luncheon

By EDNA B. KINARD.

Local educators will be the principal speakers when on Thursday representatives from 41 parent-teacher associations in Oakland assemble for the annual reciprocity luncheon at Hotel Oakland. Superintendent of Schools Fred M. Hunter; C. A. Harwell, president of the Alameda County Educational Association; Frank H. Foster, principal of the University High School; E. W. Kotzinger, president of the Principals Club; G. R. Vorhies, president of the School Men's Club, are scheduled to present the educational problems of the city to the mothers.

Mayor John L. Davis; Horace Jones, superintendent of Piedmont schools; E. E. Miller, president of the Oakland Teachers' Association; Miss Joyce Lamer, president of the Oakland School Women's Club, will be among the guests of honor who will be called upon for short greetings. Twenty-five men and women, prominent in civic and educational life, together with leaders in the parent-teacher association movement, will be in attendance. Harry Bayle, president of the board of education, together with Mrs. J. George Short and Mrs. George C. Ormsby will represent that official body. Mrs. H. H. Harwell, second vice-president, California Congress of Mothers; Mrs. W. H. Munson, president Second district, C. F. W. C.; Mrs. W. B. Stanton, president, Berkeley Federation; Mrs. George Harris, president, San Francisco Federation; Mrs. J. Ledwith, president, San Mateo county federation, are the mothers' leaders who will be complimented.

Community singing under the direction of Glenn C. Wood, director of music in Oakland public schools, will launch the day's program. The salute to the flag, the patriotic custom in all parent-teacher club meetings, will be led by Mrs. James Warren Cusick. A program of songs will be contributed by Norman S. MacDonald, baritone.

Presidents, presidents and reciprocity chairmen in local clubs will assist Mrs. Peter J. Kramer, president, and Mrs. J. W. White, federation reciprocity chairman, in receiving the several hundred guests.

The ivory ballroom will be decorated under the direction of Mrs. C. Young, Mrs. W. W. Thorne, Mrs. O. Turck, Mrs. H. Stranahan. The place cards are being designed by Mrs. J. M. White.

Committees assisting in arrangements for the luncheon are: Telephone, Mrs. E. S. Arch, Mrs. A. E. Rays, Mrs. R. Vorhies, Mrs. S. A. Smith; program and tickets, Mrs. J. W. White; seating, Mrs. Edward Morgan Jones, Mrs. J. M. Evans.

In a drawing for table place, Mrs. Frank Sears for Sequoia school took first prize.

The child hygiene conference under the direction of Mrs. H. J. Trusdale was held on Friday at Hotel Oakland. Mrs. F. S. Forkhuller, district chairman, assisted.

Oakland School Women's Club, through its representatives, are conducting an interesting season on "Thanks" in the quarters of the Bacon building when the annual "links" will be discussed. Miss Ethel Wall is chairman of the links committee and is said to have some interesting plans to unite the women of the city in a determined effort to make the annual frolic will be postponed from a spring to a fall date. After the disposal of the necessary business, a social will be enjoyed.

The screening of the program are: Miss Grace Dunn, Miss May Norton, Miss Claire Kimmel, Miss Grace Naylor, Miss Addie Clark.

Women's elevation to places of importance in the California Teachers' Association, bay section, is the occasion for a genuine enthusiasm among the feminine ranks of pedagogues. Frankly it was no mischance that Oakland contributed a woman president in the person of Miss Elizabeth Arlett, a first vice-president from San Francisco, and three of the possible eight representatives to the executive board are women. These local women are even a little pleased that their masculine associates are a bit "fussed." However, they assert that the majority of women on the governing board is in but fair proportion to their numbers.

"The Psychology of the Normal High School Student" will be discussed on Friday before the Big Sisters of the Public Welfare League, meeting in the Y. W. C. A. building at 2 p. m. Dr. Virgil E. Dickson, director of research and vocational guidance, Oakland public schools, will be the speaker. The leaders are looking for a program devoted to normalcy as opposed to the subject of abnormal juvenile.

"Closed dance halls" as conducted at the present time in Oakland, will be considered by the Big Sisters this week.

The winter is sure to bring some shabby and comfortless youngsters to Emerson school. It is reason enough for the gathering of Emerson Parent-Teacher Association tomorrow, when mothers armed with needles and thread and all sorts of materials begin to fill up the store of warm, cozy garments against the season's need. The materials will be cut and made into shirts and skirts and bloomers and old materials will be rehabilitated and become attractive dresses. They will be put away to minister to the gathering of Mrs. Henry Trusdale is the new president who is a leading spirit in the task.

One hundred and thirty youngsters at Emerson are making their 15th breakfast of bread and milk offered in the nutrition classes, which are sponsored by the mothers under the leadership of Mrs. Sturgis.

A Father's Night is being planned for the later month.

POSTMASTER WINS FIGHT.
WIMBLEDON, Eng., Oct. 18.—Frederick Marriott, a grocer, criticized the postal service in the office of Postmaster Lemuel Allen. Allen thrashed Marriott and ejected him. Marriott had Allen arrested. Allen had Marriott arrested. Allen was freed. Marriott was fined \$2.50.

Active Women

Moore Home to Be Scene of Dancing Party

Three hundred invitations were received Saturday by the debutants and college sets for a formal dancing party at which Miss Elizabeth Moore, daughter of Mr. and Mrs. Walter Norwood Moore of Crocker Highlands, will preside as hostess the evening of November 4. It is to be a home affair, and three floors of the Moore residence will be opened for the occasion. It will be one of the largest parties of the season for the college and social sets, there being no special honor guest upon this date.

BUFFET DINNER IN NOVEMBER.
Mrs. Charles Clarke Keeney and Mrs. Alta Henshaw Chockering will be the guests of honor Thursday at an informal luncheon for a coterie of intimate friends who have been bidden to the home of Mrs. Fritz Henshaw in Crocker Highlands. Mrs. Keeney and Mrs. Chockering recently returned from Santa Barbara.

The first week in November Mrs. Henshaw will entertain a large number of guests at a buffet dinner. The dinner will be held at her home and will have as her honor guests Mr. and Mrs. Harlowe Prince, who are to be the house guests of Mr. and Mrs. Charles Keeney and other friends from the southern resort.

St. Clement's chapel in Claremont will be the scene of a smart wedding tomorrow at high noon when Miss Marian Towson and Ray Leslie Morrow will be married before a company of about 200 guests. The ritual will be read by the rector, Rev. F. Augustus Martyn.

Lawrence is to be maid of honor and Allen Davenport of Los Angeles best man for Morrow. The ceremony in the chapel is to be followed by an informal reception at the Hotel Oakland, where a wedding breakfast will be served.

The bride-elect is a graduate of Snell's seminary and has also received her degree from the University of California, where she is a member of the Sigma Kappa sorority. To the regret of her friends she will make her home in the south.

Morrow is a graduate from the southern branch of the State University and is a member of the Phi Alpha Delta legal fraternity. He is now practicing law in the south.

DINNER TO PRECEDE DANCE.
Proceeding the dancing party which the Bernard Ransomes will give at their home Friday evening for their niece, Miss Avery Ransome, and Miss Frances Pringle of Burlingame, a dance will be given by Miss Alice Requa, daughter of Mr. and Mrs. Mark Lawrence Requa at "Greystone" in Piedmont, the guest list to include both San Francisco and Eastbay friends.

Mrs. Estely Ward will entertain a group of friends tomorrow afternoon at her home in Linda Vista. Mrs. Seward and her husband have recently come from Portland, Ore., and have established their new home here.

LEAVE TO ATTEND FOOTBALL GAMES.
Miss Zita Langhorne of Alameda left today for the east and will attend the big football games between eastern colleges. In her honor Saturday afternoon Miss Alice Culver was hostess at her home in Alameda and among those who played bridge were Madamess Nat Neal, Jocelyn Bates, Walker Denison, W. O. Lang, Paul Walker, Phelps Hollywood, Addison McCormick, Jean Hunt, Marie Bussee, Carol Higby, Eleanor Ramellus and several others.

SERIES OF BRIDGE PARTIES SCHEDULED.
The first of a series of benefits for the Travelers Aid will be given the afternoon of October 26 at the home of Mrs. Arthur Wollastey. A bridge to be the afternoon's diversion for the many guests to be present. A chain of afternoons will be given the near future by different hostesses who are active in furthering the work of the society. Some of these will be Mrs. J. B. Richardson, Mrs. Charles Hoag, Mrs. E. M. Rogers, Mrs. John L. Howard, Mrs. Clarence Elv and Mrs. H. Clay Smith.

Mrs. Estely Ward entertained at tea for two new bride-elects this afternoon, Miss Harriet Rinder, whose betrothal to Carrington Dinwiddie was announced a short while ago, and Miss Louise Park, fiancée of Eldridge Miles of San Mateo. A group of the younger girls and matrons received with the hostess.

NOVEL EVENT AT HOTEL CLAREMONT.
Miss Virginia Wilson in "Quality Street" this evening in the ballroom of the Hotel Claremont at 8:15 o'clock. The young reader, Theta and since leaving college has followed the art of dramatic reading and impersonations. This will be her initial appearance in the Eastbay region.

At the Hotel Oakland, Mrs. May Davidson gave an afternoon of bridge for Mrs. Fitzgerald Marx; a bride who was Miss Margaret Webster.

TEAS AT CLAREMONT CLUB.
This afternoon Mrs. George Dillon entertained at tea at the Claremont Country Club in honor of Mrs. Herbert Whitwell Underwood (Frances Ransome), who has returned to the west from Washington, where she had made her home since her marriage a few years ago. Mrs. Wallace and Mrs. A. M. Ramsey were guests also, a number of Eastbay friends being bidden to greet the honor guests. November 3 Mrs. Wallace will give a tea at the Claremont Country Club for her niece.

Mrs. Alfred Paul Otto was hostess at a tea at her home in the Lakeview district at which the engagement of Miss Elizabeth Sanderson and Albert Bryan Spott was announced. Both Miss Sanderson and Spott

BOY ROBBER CONFESSES.
LOS ANGELES, Oct. 18.—Harry Anderson, 18-year-old St. Louis boy, has confessed to a dozen burglaries throughout the Hollywood district. Chief of Police Cavanaugh of Venice said today. A \$4000 diamond theft from the fashionable Franklin Avenue home of William Ebner was also admitted by the boy in his confession.

GIRL HAS FOUR TONSILS.
RANGON, Oct. 18.—Operating on Ruth Bertram at the general hospital, the surgeon found the girl had four tonsils instead of two. This is the first case of the kind in medical annals.

Five hundred Rhodes scholars thus far been appointed from the United States, representing 172 American colleges and universities.

PLAYING GOOD SAMARITAN IN HOME IS COSTLY

C. J. Waterhouse, 374 Jayne avenue, played the role of the Good Samaritan over the weekend and is out \$1000 in jewelry and \$25 in cash.

Mrs. Waterhouse has been engaged in war work in the Letterman General Hospital in San Francisco. Several weeks ago she invited a number of boys from the Presidio to have dinner at her home. Among the party was a young man who gave his name as Ambrose Collier. Last Friday he returned to the house and told Mrs. Waterhouse that he had been discharged from the army for fraudulent enlistment by giving his wrong age.

Since then he has stopped at the home of Mrs. Waterhouse. Yesterday she went to San Francisco, and when she and her husband returned they found Collier missing and also the jewelry and currency. The police have been notified.

Lepers Grateful For New Telephone

Installation of a telephone in the leper colony at the Alameda County infirmary has brought forth an expression of public thanks from the inmates. The following communication was received from the men and women living there today:

"San Leandro Leper Colony, October 16.

"Oakland TRIBUNE:

"We, the inmates at the leper colony, ask you the favor of publish our thanks to Dr. R. G. Bradrick and Mr. Jensen, for give us the telephone in our colony for our own use, and oblige.

"ALL INMATES.

KLAN PROBE IS DROPPED; HOUSE QUITS HEARINGS

Congress Will Be Asked to
Take No Further Action
in Matter.

WASHINGTON, Oct. 18.—The
proposed investigation of the Ku
Klux Klan by Congress blew up yester-
day.

After a ten-minute session be-
hind closed doors, the House rules
committee, which previously had
put William J. Simmons, the Klan's
imperial wizard, through a rigid
examination, voted unanimously not
to call any more witnesses, certainly
not at this time.

Announcement of the action was
made by Chairman Campbell, and
while the chairman and members
refused later to comment, it is ex-
pected an adverse report will be sub-
mitted to the House on a number
of resolutions providing such an in-
vestigation.

Final action, however, will not be
taken until several absent members
return, but House members accept-
ed it as settled that they were done
with the Klan, unless the De-
partment of Justice, conducting an
inquiry, comes forward with unex-
pected evidence.

At the hearing yesterday, Repre-
sentative Poon asked Simmons how
much he was worth, and the wizard
replied that all of his savings had
been spent during the early fight to
put the Klan on its feet.

"I have no financial standing," he
said. "I have had no pocketbook
of my own these past six years, and
God being my witness, I have tried
to steer this organization clear away
from commercialism."

PLANS REVISED.

CHICAGO, Oct. 18.—The National
Unity Council, formed to combat the
Ku Klux Klan, has abandoned its
plans for a national organization,
according to a letter sent out yester-
day by former Governor Edward
P. Dunne.

The council will, instead, substi-
tute a plan for a general committee
to foster kinder feelings between
all classes of Americans and the
elimination of racial and religious
animosities.

Armed to Join S. F. Shipbuilding Firm

Faith in the future of the ship-
building industry on San Francisco
bay is expressed by George Ames,
former president of the Moore Ship-
building company, who has become
a partner in the company of Mooney
& Young of San Francisco. While
the marine world has been looking
for Ames to announce his associa-
tion with the Bethlehem company or
the Los Angeles Shipbuilding com-
pany, he has been completing ar-
rangements for the partnership
neither home.

The Mooney & Young company for
the time being will devote its main
efforts to the repelling end of the
business, according to an announce-
ment and will drydock vessels up to
5000 tons.

FILIPINOS Y. M. C. A. FUND.

SAN FRANCISCO, Oct. 18.—The
Filipinos formally invited a con-
ference to raise \$1000 for the housing
of the newly-created Y. M. C. A.
last night. John R. Elsworth, the
educational secretary of the Golden
Gate Y. M. C. A., presided. The-
odore G. Marrufo was elected presi-
dent; C. P. Austria, vice-president;
P. Deieso, secretary; Pedro Tupas,
treasurer.

HOMES, WAR MEMORIAL.

LONDON, Oct. 18.—The parish of
Capel has erected two cottages as a
war memorial. They will rent for a
shilling a week to aged parishioners
who lost their support in the war.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of
Bladder Irritation or
Backache

The American men and women
must guard constantly against Kid-
ney trouble, because we eat too much
and all our food is rich. Our blood
is filled with uric acid which the
kidneys strive to filter out. When
weakened from overwork, become slug-
gish, the eliminative tissues clog and
the result is kidney trouble, bladder
weakness and a general decline in
health.

When your kidneys feel like lumps
of lead; your back hurts or the urine
is cloudy; full of sediment or you are
obliged to seek relief two or three
times during the night; if you suffer
with sick headache or dizzy, nervous
spells, acid stomach, or you have
rheumatism when the weather is
bad, get from your pharmacist about
four tablets of Jad Salts; take a
tablets in a glass of water be-
fore breakfast for a few days and
your kidneys will then act fine. This
famous salt is made from the acid
of grapes and lemon juice, combined
with lithia, and has been used for
generations to flush and stimulate
clogged kidneys; to neutralize the
acids in the urine so it no longer is
a source of irritation, thus ending
bladder trouble.

Jad Salts is inexpensive; cannot in-
jure, makes a delightful effervescent
lithia-water beverage, and belongs
in every home, because nobody can
make a mistake by having a good
kidney flushing any time—Adver-
tisement.

SAN JOSE CHINESE QUARTER IS QUIET AFTER SURRENDER.

Action of Tong in Giving Up Two Alleged Slayers Be- lieved to End War.

SAN JOSE, Oct. 13.—All is peace and quiet today in San Jose's Chinatown, where yesterday a thing unprecedented in long history transpired as the Hip Sing leaders turned over to the police the alleged slayer of Ho Sang, Oriental leader and member of both the Hip Sing and Hop Sing tongks. Ho Sang was slain here last week and his death had loomed as a mighty war cloud. That the Hip Sing will aid the prosecution is a foregone conclusion.

To bring a verdict of guilty upon the heads of the two Hip Sing members delivered to the authorities was declared today by Chin Shuck, national leader of the flips, and local representatives of that tong.

The accused men are Joe Art, 23, and Ng Lun, 23, both of this city. Joe Art was nabbed by officers here while Hip Sing hung out in the police station across Chinatown.

Ng Lun was arrested in similar manner in San Francisco.

The step of the tong leaders was believed today to have cut off possi-

bility of a deadly struggle between the Hip Sing and Hop Sing tong, although there still loomed the possibility of trouble between the Suey Sings and Hip Sings by virtue of the steps taken by the Hips in surrendering to the law the men who had killed a Hop leader at the instigation of the Suey Sings.

The heavy police guards thrown about Chinatown by Chief of Police J. N. Black following the murder of Ho Sang were still on duty today and will be kept so until all semblance of

hostilities or possible hostilities have disappeared.

Alameda Clubs to Give Dance Friday

ALAMEDA, Oct. 18.—The Alca and the Marian clubs of St. Joseph's church of Alameda will be hosts at a dance in the Hotel Oakland Friday evening. The Alca is the men's organization and the Marian the young women's club of the church. Miss

WARNING GIVEN AGAINST CUT IN APPROPRIATIONS

Danger of Withholding Coin From Schools Pointed Out.

Necessity for a rich program and large opportunity in the public schools to permit of children being organized into groups where their varying aptitudes may be stimulated and developed to their fullest was stressed before the Supt. of Education at a luncheon at Hotel Oakland yesterday by H. E. Wilson, superintendent of Berkeley public schools. In the present period of retrenchment he warned against the cutting down of appropriations that might make it impossible for the schools to go far enough in affording a full opportunity to the growing child.

"As business women you are concerned in seeing that retrenchment does not mean public education. I am not in favor of extravagance, but we cannot afford to save in that field of business that is responsible for determining the character of our citizenship upon whom the burden of America will rest twenty years from now."

Oakland will in the school program be obliged to economize this year, according to Mrs. George L. Goss, president of the board of education, who was a second speaker. That the appropriation of \$440,000 asked for public education was reduced to \$340,000 was the declaration of the board member.

"Citizens are demanding reduced tax rates," Mrs. Goss said. "The police department was not reduced, but the schools were given a minimum of appropriations. Why should all the retrenchment be made in the department of education? Public sentiment must be aroused before retrenchment of this kind can be eliminated."

Miss Violet Richardson, director of physical education, Berkeley Board of Education and president of the club, presided as chairman. Chairmen of committees were appointed as follows: Program, Mrs. Sylvia Sternberg; membership, Mrs. Louise Glazier; auditor, Mrs. Louise M. Gains; publicity, Mrs. Adelaide Goddard.

100 IN TRIBUTE TO DR. FENTON

Approximately 100 men and women of Alameda county have reserved covers for the dinner in honor of Dr. Susan J. Fenton, who has retired as president of the Associated Charities to take over the chairmanship of the children's department of the organization. The compliment will be offered the veteran social worker on Thursday night at Hotel Oakland.

Miss Elizabeth Sherman will preside. An invocation will be offered by Rev. Robert Simpson. Mrs. Katherine Fenton and Rabbi Rudolph Coffee will be the principal speakers of the program. "Oakland's Responsibilities Toward Her Foster Children" will be reviewed by Miss Fenton, who is widely known as an expert in children's work. Appreciation of Dr. Fenton's work in the community will be voiced by Rabbi Coffee.

Dr. Fenton will respond. Reservations for the dinner may still be made with the Associated Charities, Oakland City Hall, Lakeside 4600.

When in San Francisco be sure and dine at the States Restaurant.

Marked at Mark San Francisco. Modern Price. Excellent Music.

ASK THE TRIBUNE Bureau of Information

A TRIBUNE reader asks how to get rid of gophers. Gophers can be disposed of by trapping them, by exploding gas bombs and by using poisoned baits. Here is another query: "Please publish in your paper when the Elks' lodge was organized and who was considered the founder of it?" The Elks' lodge was founded formally in 1873, but dates back through several social organizations to 1806. Charles Algernon S. Vivian, an English actor and son of a clergyman, was the founder of the lodge. It is now the Standard Oil Company's fleet, of which Daniel was formerly master, and John Chute, George Anderson and Albert Wendling, members of the Elks lodge.

Brady Goes South On Arbuckle Probe

SAN FRANCISCO, Oct. 18.—District Attorney Matthew Brady and his chief assistant, Laurence Golden, are in Los Angeles today for a conference with the district attorney there on the Roscoe Arbuckle manslaughter case. Several persons are to be interviewed in the south and considerable investigating done by the two prosecuting officers. While the representatives of the state are busy in Southern California, all of the attorneys for Arbuckle are in San Francisco. Attorney Miles Cohen and Charles Brennan, who have been counselors of the film comedian since his first arrest, are here to confer with Gavin McNab, who has taken complete charge of the defense. Arbuckle himself is not expected until tomorrow or Thursday, when he will arrive here accompanied by his wife, Minta Durfee, and his mother-in-law. He must appear on Thursday before United States Commissioner Hayden in connection with the charge of violating the Volstead act. Jack Lawrence in the liquor investigation surrounding the Roscoe Arbuckle case, was under arrest here today. He was taken into custody late

SLAYER SUSPECT TELLS COURT OF MIND WEAKNESS

Dr. Brumfield Takes Stand on Own Behalf; Wife Backs Story of Headaches.

ROSEBURG, Ore., Oct. 18.—Dr. R. M. Brumfield was a witness late yesterday in his own defense at his trial for the alleged murder of Dennis Russell. He told of spells of loss of memory, headaches and nightmares, how his mind became a blank on July 10, and of a faint recollection of his experiences in Portland, on the way to Canada and at Vancouver, B. C. Mrs. Brumfield preceded him on the stand, declaring her belief that he was unbalanced at the time of the alleged crime, and telling of his headaches and sleep-walking. Under sharp cross-examination he said he had felt he was slipping mentally before the period of the alleged murder and that he had not told anyone of it for fear of being sent to an insane asylum. "To your own knowledge are you suffering from any mental unsoundness at the present time?" he was asked. "I am sure that I am not," the dentist replied.

HURT IN FIGHT. William Laurin, a plasterer residing at the Civic hotel in San Francisco, was picked up by Policeman Edward Frohn at Seventh and Washington streets in a dazed condition. He was taken to the Emergency hospital where he was treated for lacerations about the face and body. He told the police that he and two other friends had an argument and a fight followed. He refused to tell the names of his friends.

Livingston Pastor Returned to Pulpit
LIVINGSTON, Oct. 18.—Rev. F. W. Howlett, pastor of the M. E. church of this place for the past three years, has been returned here for another term by the Long Beach conference. The conference action is hailed locally with great satisfaction, as Rev. Howlett is popular in and out of the church. The Rev. Pond of Broadman, Ohio, has been chosen as the successor to Rev. W. M. Hawken, rector of St. Luke's Episcopal church at Merced and St. Mark's, this place. The new minister is expected hourly. He is an old friend of Bishop Sanford of this diocese.

Church Plans Day of Prayer Tomorrow
A program of devotions centering around the theme "In Fellowship With Word and Prayer" will be the main feature of a day of prayer to be held tomorrow in Melrose Baptist church. Forty-seventh avenue and Bond street. Rev. H. D. Zimmerman, pastor of the church, will be the chairman of the day. Prominent among the speakers will be Judge R. S. Green and Revs. H. K. Sanborn, J. N. Garst, H. H. Miller, W. C. Robbins and J. A. Fraser. The morning session begins at 9:30 o'clock and lasts until noon. The afternoon session will be given over to the study of church problems.

SMALL HOMES CAN NOW BE WATER-HEATED

Ideal Arcola Radiator Boiler Settles This Household Problem.

Growing demand for hot water heating where basements are not available, and for the small homes, has resulted in the Ideal Arcola Radiator Boiler. The ease with which hot water can be installed in both new and old homes appeals to all. In many cases Arcola can be placed in the kitchen close to the range boiler and hot water for domestic use is provided at the same time the home is being heated. The flow piping is carried overhead in the attic space and the drop risers, which bring the hot water into the tops of the radiators, are installed in partitions or closets, thereby concealing them and causing no unsightly appearance. Arcola hot water heating systems solve the home heating problem.

Mid-West Governors Meet in Des Moines
DES MOINES, Oct. 18.—Governor N. B. Kendall, in opening the conference of midwestern governors called for the purpose of discussing freight rates, the unemployment situation, interest charges and the cost of construction materials, said: "I have assumed the province of inviting this conference of midwestern executives because I believe the financial, economic and industrial conditions of the country demand the most serious attention from all of those in authority."

"I have believed that this conference by the sober consideration of conditions as they exist throughout the country by the mutual interchange of opinion concerning remedies to be invoked, by the candid examination of questions which vitally affect the general welfare might be able to contribute somewhat to the speedy solution of the perplexing problems which confront us."

ARCOLA WEEK

An Invitation to the Ladies especially

Many Heating Engineers are keeping their stores open evenings and invite you to come in and meet ARCOLA

THIS WEEK is ARCOLA Week and the Heating Engineers are keeping open house. Many will keep their stores open evenings for you.

They invite you to come in and meet ARCOLA, the wonderful new hot-water heating outfit which warms a whole house with its single fire, taking the place of several oil stoves or gas heaters and paying for itself in the fuel it saves.

If you don't know where your Heating Engineer's store is, pick up the classified telephone directory and look under "Heating Contractors" or "Steamfitters" or "Plumbers." Pick out the name and address nearest your home.

And decide now to accept this invitation; it may mean a saving of \$25 on this winter's fuel bill; or even more than that!

For ARCOLA—built by the same company whose larger heating plants are installed in mansions, cathedrals and even the White House itself—is guaranteed to do these five things:

- 1—Connected with American Radiators, it fills the whole house with mild hot-water warmth.
- 2—Equipped with gas or oil burners it is ready for quick heat, night and morning, with no fire the rest of the day.
- 3—It can be connected to the kitchen tank, too, giving an abundance of hot water for washing and bathing.
- 4—It can be installed immediately without the slightest disturbance to the family.
- 5—It adds from three to five times its cost to the selling value of your house—just as IDEAL Boilers and larger AMERICAN Radiator systems add far more than their cost to the value of larger buildings.

ARCOLA is unlike any heating plant you have ever seen. It takes the place of several ill-smelling oil

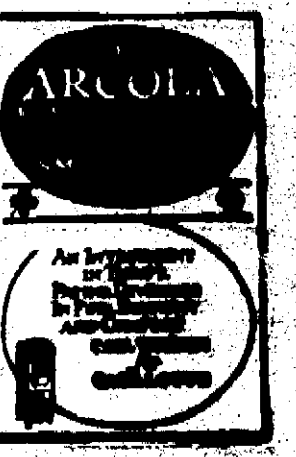

stoves or gas heaters and pays for itself in the fuel it saves. In that sense it is really a gift.

Don't try to imagine what it is until you have seen it. But for the sake of your comfort—and your children's comfort and health especially—accept your Heating Engineer's invitation.

One-third of your fuel bill is worth saving. See ARCOLA any day or evening this week.

This red and yellow card at the right is the sign of a Heating or Sanitary Engineer (you used to call him Steamfitter or Plumber) who can show you ARCOLA. Look for it in his window.

It will pay you to consult him twice a year as you do your Doctor or Dentist. To have him examine and report on your heating and plumbing costs little. It may save you a very great deal.

U. S. MUST SEIZE ROADS OR STRIKE SURE, SAYS STONE

Engineers' Chief Says Skeleton Trains Will Not Be Permitted.

By HAROLD D. JACOBS.

United Press Staff Correspondent.

CLEVELAND, Oct. 18.—Seizure of the railroads by the United States government was regarded by the railroad chiefs today as the only means of averting a nationwide strike.

Warren Stone voiced this opinion when he said:

"The railroad executives won't talk over the situation, and we have them our final word at the Chicago conference. Taking over the railroads by the government, therefore, appears to be the only way of preventing the strike scheduled to begin October 30."

At the meeting of the five principal union leaders here tomorrow, called primarily to plan the conduct of the general strike, it was intimated that the possibility of interference by Washington would be the principal subject discussed.

In addition to those others who will attend the conference with the labor board are:

W. G. Lee, president of the Brotherhood of Railway Trainmen.

E. B. Sheppard, president of the Order of Railway Conductors.

W. S. Carter, president of the Brotherhood of Locomotive Engineers and Firemen.

E. T. Cashin, president of the Switchmen's Union of North America.

In further discussing possible government intervention, Stone said that "taking over the railroads is what it must come to eventually."

At the same time Stone made the charge that the executives "really want a strike" and intimated that the present situation is a part of the "open shop" fight.

"If it had been a question of wage reductions only there would have been no strike," he said. "I have from 75 to 100 letters giving instances of attempts by different railroads to break down the working rules that have been observed."

Attribution by decision of the railway labor board and by other means.

The union leaders, according to Stone, are keeping their eyes on Washington.

"No exception will be made to any class of service," Lee said. "Any talk of a 'skeleton service' being permitted is loose talk. We will make no distinction between mail and freight trains."

Stone added that he never heard of "any law compelling a man to work who wants to quit," adding that "there is no peonage in the United States yet, though it may come to that."

In a formal statement Stone outlined the position of the union men as follows:

"When the transportation act of 1920 became a law it was hoped by the employees that disputes would be adjusted and decisions rendered by the board would be complied with by the carriers and employees. Instead of complying with the decision of the labor board the railroads soon began to disregard or flout its decisions."

"The situation is somewhat muddled, but if there is a railroad rate reduction all the way down the line, Oakland should share in the benefits."

"The situation is somewhat muddled, but if there is a railroad rate reduction all the way down the line, Oakland should share in the benefits."

'Labor Board's Peace Plan Impossible,' R. R. Heads

CHICAGO, Oct. 8.—(By the Associated Press.)—Presidents of the leading middle western railroads in a statement last night turned down as "impossible" the proposal of the railway labor board public group that freight rates be reduced immediately as a possible means of averting a general strike, and charged that the proposed walkout "would be a strike against the government, called by unions primarily for the purpose of nullifying the transportation act creating the labor board."

The statement followed a meeting of the Association of Railroads Entering Chicago and was signed on behalf of the organization by Samuel Folton, president of the Chicago Great Western. The Chicago and Northwestern, the Chicago, Burlington and Quincy, the Santa Fe, the Chicago, Rock Island and Pacific and the Chicago, Milwaukee and St. Paul are some of the larger roads represented at the meeting.

BOTH SIDES OPPOSED.

By coincidence, the statement, which reviews the railroad situation and causes of the strike, was issued at almost the same moment Warren S. Stone, president of the Brotherhood of Locomotive Engineers, was giving out a statement in Cleveland telling why the big four brotherhoods and the Switchmen's Union of North America had authorized a walkout on October 30.

The statement said in part:

"The thing it is proposed to strike against is the decision of the railroad labor board authorizing the reduction of 12 per cent in wages which the railroads put into effect July 1. There is at present no other possible ground for a strike by the railway labor brotherhoods."

The labor board was created by the transportation act passed by Congress in 1920, which delegated to it the duty, in case of disputes between reasonable wages and working conditions. The wage reduction put into effect July 1 was authorized by the board under the provision of this act. Therefore the strike which has been ordered will be, if it occurs, a strike against a decision made by a government body acting in accordance with a federal law.

COMPARED WITH 1916.

The situation presented is, in important respects, more serious than that created by the issuance of a strike order by the same labor organization in 1916, which precipitated the passage of the Adamson act. At that time, while the railroads had asked for arbitration, there had not been any arbitration because the labor unions had refused it. Therefore, the labor unions then were within the law. The present case is different. There is now a law which requires the railroads and their employees to submit to the labor board disputes which are subject to arbitration.

While the railroads complied with the decision in 1920 for an advance in wages, the labor brotherhoods now propose to defy the law by refusing to accept a much smaller reduction in wages. The course of the labor unions in ordering a strike in violation of the decision of the labor board and in disregard of the main provisions of the law, is clearly adopted to nullify these provisions of the law.

WAGE CUT ASKED.

The railway executives at a meeting in Chicago October 14 decided to ask the railroad labor board for a further reduction in wages and to give the public in the form of reduction in rates all benefits of any further reduction in wages that were granted. This, however, affected the labor brotherhoods no reason for ordering a strike. The strike vote was taken on accepting the wage reduction already authorized by the labor board and not on a future reduction. The executives, at the Chicago meeting, did not make any reduction in wages, but decided simply to seek a further reduction, in accordance with the law, so that rates might be reduced.

The railway employees have no more legal right to strike against it than the railroads would have had to refuse to grant the advance in wages authorized in 1920 by the labor board.

RATE CUT PROPOSED.

Concerning labor board public group proposal to cut rates immediately, the statement also said:

In asking for a further reduction in wages in order that they may be able to grant the public reduction in rates, the railroads are acting only in accordance with the laws and in obedience to an insistent public demand that they shall create conditions which will enable them to reduce rates. The suggestion has been made in a statement issued by the public members of the labor board that the railroads, to prevent a strike, shall make a reduction in rates equal to the reduction in wages made July 1 and shall postpone seeking a further reduction in wages.

A general reduction in rates without a further reduction in wages would be ruinous to many railroads. Thus far in 1921 the railroads have earned a net return of only 2.5 per cent, and, although the net earnings have increased recently owing largely to the recent reduction in wages, a general reduction in rates without a further reduction in wages would put the railroads back in a precarious position financially.

The statement declared that the roads were in sympathy with the farmer and desired to help him through lower rates just as quickly as possible, but that this was impossible under present wages.

President Backs Labor Board Plan To Avert Strike

(Continued from page 1)

quarters today that a freight rate reduction was under consideration. There was no statement to indicate how soon a decision on the question might be reached, but high administration officials vouchsafed the information that an announcement concerning the rate readjustment might come within a few days.

The steps it was learned today after the cabinet meeting, is in entire accord with the desires of the administration, although the indications were that President Harding was not ready to take a personal hand in the situation so long as the board was working toward a solution.

The summons issued to the brotherhood chiefs is understood here to be a purely unofficial one and not of the formal character authorized under the Cummins-Esch law where the carriers had been granted a material increase in freight and passenger rates to meet the increased wages. This was done on technical grounds because the carriers had not properly created a dispute in accordance with the transportation act.

NOTICE OF WAGE CUT.

The railroads then began to serve notice on all employees demanding reductions in pay, thereby legally creating a dispute, which was referred to the labor board, resulting in a 12 per cent reduction as of July 1.

To further aggravate the situation, the railroads followed this meeting a great number of the railroads served notice on their employees that they would revise a schedule and take from them rules governing their service that had been in effect for from ten to thirty years. The majority of such rules were the result of negotiations with representatives of the organization and the carriers of the individual railroads and acknowledged to be fair and equitable.

A conference of all general chairmen was arranged to be held in July in Chicago. The result was to instruct executives of the organizations to meet executives of the railroads prior to September 1 for the purpose of trying to bring about an amicable adjustment. This was done, and a committee of railroad executives was met in the East, Southeast and Western territories, their answers all being similar and denying any conciliatory measures.

AGREEMENT REFUSED.

Following the refusal of the executives of the railway to enter into any agreement with the executives of the organizations, there was nothing left to do but refer the matter to a referendum vote of the workers. In October the representatives of the workers were convened in Chicago and a canvass of the vote was made, which indicated that 94 per cent plus were in favor of withdrawing from the service. Such a condition was never known before in the history of railroad labor, and no doubt was caused by the arrogant, selfish attitude of the railroad executives, together with their declaration to be a party to any conciliatory terms.

After the vote had been canvassed the chairman of the Railroad Owners' Association was notified by wire of the result and the request for a conference committee was made. The 150 railroad presidents meeting in Chicago heard the executives of the five big railroad transportation organizations advised of the situation in their districts were announced here last night by Warren S. Stone, president of the Brotherhood of Locomotive Engineers.

CAUSE OF STRIKE ACTION SET FORTH BY LABOR CHIEF

Warren S. Stone, Head of the Brotherhood of Engineers, Alleges Bad Faith.

CLEVELAND, Oct. 18.—In a signed statement, Warren S. Stone, president of the Brotherhood of Engineers, late yesterday set forth reasons for the "big five" transportation organizations authorizing a strike of their membership which is set to begin October 30. In the statement he reviews various attempts made to obtain an amicable settlement.

Stone's statement follows:

The men's position and their reasons for striking in part follow:

When the transportation act of 1920 became a law it was hoped by the employees that all disputes would be adjusted and decisions rendered by the board would be complied with by the carriers and employees. Instead of complying with the decisions of the labor board, the railroads soon began to disregard or flout the decisions, frequent cases of this being the violation of the Atlantic, Birmingham and Atlantic, the Erie, the Pennsylvania railroad and many other cases.

It is admitted by all that the railway men were the last to receive any increase during the war. During August, 1919, the Brotherhood of Locomotive Engineers submitted to President Wilson a statement setting forth that a decrease in the cost of the necessities of life was necessary or an increase in wages was imperative.

DECISION IN 1920.

From that time on the question of wages was discussed on different occasions and was finally submitted to the labor board. In July, 1920, the board handed down a decision which, based on all the facts, they declared was just and equitable and further stated that their conclusions were reached after long consideration of all the facts as evidenced by the testimony.

Later Mr. Atterbury of the Pennsylvania railroad, in a spectacular presentation, demanded an immediate reduction of the wages of railroad employees, notwithstanding the fact that he had granted a material increase in freight and passenger rates to meet the increased wages. This was done on technical grounds because the carriers had not properly created a dispute in accordance with the transportation act.

NOTICE OF WAGE CUT.

The railroads then began to serve notice on all employees demanding reductions in pay, thereby legally creating a dispute, which was referred to the labor board, resulting in a 12 per cent reduction as of July 1.

To further aggravate the situation, the railroads followed this meeting a great number of the railroads served notice on their employees that they would revise a schedule and take from them rules governing their service that had been in effect for from ten to thirty years. The majority of such rules were the result of negotiations with representatives of the organization and the carriers of the individual railroads and acknowledged to be fair and equitable.

A conference of all general chairmen was arranged to be held in July in Chicago. The result was to instruct executives of the organizations to meet executives of the railroads prior to September 1 for the purpose of trying to bring about an amicable adjustment. This was done, and a committee of railroad executives was met in the East, Southeast and Western territories, their answers all being similar and denying any conciliatory measures.

AGREEMENT REFUSED.

Following the refusal of the executives of the railway to enter into any agreement with the executives of the organizations, there was nothing left to do but refer the matter to a referendum vote of the workers. In October the representatives of the workers were convened in Chicago and a canvass of the vote was made, which indicated that 94 per cent plus were in favor of withdrawing from the service. Such a condition was never known before in the history of railroad labor, and no doubt was caused by the arrogant, selfish attitude of the railroad executives, together with their declaration to be a party to any conciliatory terms.

After the vote had been canvassed the chairman of the Railroad Owners' Association was notified by wire of the result and the request for a conference committee was made. The 150 railroad presidents meeting in Chicago heard the executives of the five big railroad transportation organizations advised of the situation in their districts were announced here last night by Warren S. Stone, president of the Brotherhood of Locomotive Engineers.

The names, in addition to those announced at Chicago Saturday night, follows:

Paris Isn't Used to Doug's Moustache

Here's a family party at the Longchamps races—DOUGLAS FAIRBANKS, MARY PICKFORD, FAIRBANKS and "MA" PICKFORD. Doug just cashed a bet, hence the smile. Until the crowd noticed them posing, the stars had drifted about the course unnoticed, Doug's moustache proving almost a disguise. (Photo by Underwood & Underwood)

Eastbay Prepares to Meet Problems of Rail Strike

With a nation-wide railroad strike threatened, preparations were being made in the Eastbay region today by railroad heads, postal authorities and government officials to keep rail traffic open, to continue mail deliveries, to avoid any possible violence and to relieve as much as possible the situation that will be brought about in event of the walk-out, which will tend to tie up passenger and freight transportation in all parts of the country.

At the same time predictions were being made by men in close touch with the railroad situation as to the result of the pending strike, several claiming that government ownership of all of the nation's railroads would be the outcome of the friction. These predictions were voiced by delegates of thirty short line railroads which were attending a conference in San Francisco, which opened yesterday.

SHIPPERS PREPARE.

Today's developments in the railroad labor situation are:

1.—Formulation of plans by railroad companies and large business houses to meet the strike. Every effort is being turned to move freight speedily.

2.—Possibility seen that the present "army of unemployed" may be used to operate railroads in the event of a tieup.

3.—The placing of blame for the threatening strike upon the government by officials of the Southern Pacific Railroad.

4.—Preparation by United States army officers of the Ninth Corps area for the handling of all emergencies that may materialize, and the mobilization of ex-army flyers who will probably be used to open up new air mail routes and keep mail deliveries under way.

During the next two weeks, it was believed, the greater part of the California perishable fruit and vegetable crop could be moved, but it was pointed out that in the event of a strike Thanksgiving tables would suffer severely.

"California is very favorably situated in the event of a general strike," declared President H. W. Brundage of the State Railroad Commission. "About 70 per cent of all less than carload freight shipments within 100 miles of San Francisco, Los Angeles and other large job centers, now is handled by motor trucks. So far as the transportation of foodstuffs for the inhabitants of cities is concerned, there will be no danger."

SEE U. S. OWNERSHIP.

Government ownership of railroads will be the result of the strike called by union leaders for October 30 unless the roads are kept in operation through the use of the army of unemployed or the strike settled speedily, says Sen. B. Gahn of the general counsel of the American Short Line Railroad Association.

"The labor unions have elected to engage in a death struggle with the railroads, the result of which will be that they will either throttle the railroads and control the transportation situation or they will be destroyed in the attempt," said T. M. Robinson, president of the association.

The utmost secrecy surrounded the plans being made by army officials to cope with the situation, but in military circles the situation is regarded as most serious.

The government will not tolerate a suspension of the U. S. mail service and in order to "keep the mails going" the entire force of the

further occupation of her territory. But now her leaders have come to see that reparation must be made or Germany must suffer further penalties. Consequently they have sought the easiest way of payment and have found an agreeable response in France.

Mr. Roland W. Boyden, the United States representative on the reparations commission, gives hearty approval to this arrangement. He believes that it will decrease harmful underselling by Germany in the United States and other markets and will relieve France in large part of the necessity of filling the "vacuum of North France" with goods which she should use to rehabilitate her own foreign trade.

This restriction of German competition will have an important bearing on the foreign trade of the United States, as well as the domestic prosperity of our industries. Therefore the new agreement between France and Germany is vastly pleasing to this as well as all the Allied countries.

THE SPOILERS

One of the pathetic things among the echoes of the life of the great Roosevelt is the readiness of men, who in his life time claimed to admire and respect him, now to cease to honor him, the readiness of men to appeal to the dead President's memory for justification for their own questionable acts.

Instances of this careless and disrespectful tendency crop up in connection with the scheme of county division being advanced under the guise of the new charter of government for Alameda county. One advocate of this project claims the support of Roosevelt for his view that the woman voter is still on trial. Those who would destroy the merit system in the civil service claim the support of Roosevelt in their plot to bring about a return of the political spoils system. What irony!

Who of the former President's true friends would credit him with holding out for a division of the great metropolitan district which the communities on the continental side of San Francisco Bay comprise, or with recommending that the poor right of appeal for a hearing before a non-political board should be denied a public servant who might be dismissed for political motives?

Yet there are men who try to justify their assault upon the merit system and the abolition of the right of appeal of civil service employees by fatuously recalling that Colonel Roosevelt was in favor of full departmental responsibility in the federal government.

These men falsely claim that the right of appeal lies the hands of heads of departments in the municipal government of Oakland. Yet these same men know that civil service rules never interfere with any honest effort of any honest city official; that the only cases in which it has proven obstructive has been where politicians were trying to exploit the public service for political ends.

If that is obstruction, it is a splendid thing. The people of Oakland have decreed that they want the protection that such interference by the civil service system may raise up. And the people by a three-to-one vote have said they do not want the right of appeal to the civil service board abolished.

Participants in the plot against the merit system must put up a stronger defense than to call upon the name of the dead Roosevelt; else they will lose public respect and call in vain.

Perhaps at the same time they may find it convenient to explain why former officials who were abruptly separated from the public service were permitted to assist in formulating the provisions in the proposed charter which would destroy the right of appeal and substitute political spoils for the merit system.

Uncle Sam is making good farmers of Moro headhunters. Evidently teaching them a better way to get ahead.

Any list of the light fiction of the day should include Japan's assertion that she seeks no special advantage in China.

POST OFFICE OUT OF POLITICS.

A Postmaster General who owed his appointment to the ability he displayed as chairman of his party's national committee is not exactly the person one would expect to find defending the merit system. The Post Office has been the citadel of patronage. All the more honor, therefore, to Will Hays, to whom a special commission of the National Civil Service Reform League has just given its hearty endorsement. Mr. Hays does not profess to have completed the transformation of the Post Office into a purely business institution. But nothing short of that is his goal. Proof of his sincerity is shown in part in the way in which he is carrying out President Harding's executive order. In more than three-fourths of the appointments he has made the position has gone to the first man of the highest grade on the eligible list. In addition, he is urging the passage of a bill placing the Post Office postmasterships permanently in the classified service.

No one man deserves all the credit for taking the Post Office out of politics. Every recent Administration has made an advance in this direction, although almost every one has also undone part of the work of the preceding Administration. The path towards a purely business management has been zigzag. Mr. Hays himself admits that he cannot banish pressure from Congressmen at a stroke. Impatient reformers will ask why not simply because so many of the folks back home still expect a check at Washington to be reflected in a change in the Post Office at Third Center. The fight for the merit system is usually assumed to be a fight against the politicians. That is its spectacular side. It is also a fight against the spoilsman who lurks in millions of voters. The merit system has spread about as rapidly as public opinion has warranted.

Postmaster General Hays is exerting himself to take the Post Office entirely out of politics. This is a new distinction for a Postmaster General. It is an effort worthy of his best energies.—New York Evening Post.

NOTES and COMMENT

Those who are afraid that everything is going to stop because of the threatened railroad strike may get some reassurance in recalling the Debs effort of 1894. Railroad business west of Chicago did stop on that occasion. Here in California trains did not run for ten days. But where is Debs now? It is a good deal to take the attitude that necessary processes of civilization must halt for such reasons as are the cause of this railroad threat.

It is significant of the value that Debs has attained that it required ten men "trained with rifles and revolvers" to move a store of it from a country place to a Washington residence. The removal was because a part of a man's estate—estimated to be worth \$300,000—had been carried off by burglars. This change required the same sort of care that the money does when a bank is moved.

That a Vanderbilt is to sell off the family treasures and dismantle the magnificent residence that has been the gathering place for New York's highest society—at least, highest as measured by riches—may be a sign of changing conditions. It may indicate that those who have been lavish in making taxes and other modern burdens an inhibition of good society's expenditures such as has been customary with the country's Crotons.

The prospect is that we are now to be fed up with the Wicks-Cochran divorce proceedings. The parties are not popularly known, as some others are who get profusely on the front page, but the defendant is very rich, and there may be some curiosity as to whether the plaintiff succeeds in broaching the riches to the extent that she and her lawyers evidently expect to.

The action of the Oroville firemen in postponing their Thanksgiving dance to give the orange and olive fair an opportunity is evidence of commendable community teamwork. Those whose observation as to such matters has been at all extensive will understand what it is for members of a rural fire department to give up or postpone a dance that has been counted on.

A railroad strike might be a test between railroad hands and the government, but Babe Ruth playing exhibition games in violation of orders is likely to bring on a desperate struggle between the homerun king and the high potentate who sits at the head of organized baseball. It seems that great contests come in pairs this time, instead of cycles.

Time was when the persimmon was a casual product, but now it has reached the dignity of a crop. A despatch from Roseburg is to the effect that the crop has begun to move and that the industry is becoming an important one in Placer county. It seems to be an esteemed fruit in the East, and they like it in the Sandwich Islands.

This new plan of launching airplanes from battleships by catapults is interesting. It hasn't been tried yet, but apparatus is being installed for the purpose. If it works, a considerable problem may be solved, for vertical ascent and descent of airplanes, doing away with the long horizontal sloop at the start-off, has always been a desideratum.

The fall conspiracies have started to blossom, and, nationally and locally, one-horse dreams have and are being punctured ruthlessly and spurs venetian. With nothing invested but an unlimited gail, and brazen egotism they wait long, loud and lustily when the "fell clutch of circumstances" and the economic laws get them by the nape of the neck and the seat of the pants.—Medford Mail-Tribune.

SPIRIT OF THE STATE PRESS.

That the Union Construction Company of San Francisco does not believe in losing any time in its contract in strengthening the longitudinal dike in San Pablo bay is proven by the fact that the corporation already has 18 or 20 men busy excavating "the site of the proposed Mare Island draughtway dock." One hundred and twenty-five thousand yards of rock will be removed by the company to strengthen the dike.—Vallejo News.

Notwithstanding the unemployment, many young people have not colleges this fall than ever before, and the banks of the country report more and larger savings accounts. More than half of all the gold in the world is now glutting the vaults of this country. And on top of everything else good there is being harvested billions in bumper crops.—Richmond Record-Herald.

The hull department mechanics have been ordered to store the Montana material for the time being. The yard loftsman have about completed the molds for the second dock of the Montana and it is believed that all of the material from the mold will soon be moved to the new \$2,000,000 shed. Naval experts who have made a close study of naval construction believe that the Montana, as well as other warships under the course of construction at other U. S. yards, will be completed.—Vallejo News.

Give a big hunk of credit for the success of the Tehama County Fair to the Farm Bureau and the various Farm Centers. Being organized and active, they constituted a nucleus around which to build a fair, and the farming interests of the county have been enthusiastic. The farming interests of the county have put the county on the map.—Red Bluff News.

OUR UNFINISHED JOB IN THE PHILIPPINES

Americans dismissed the Philippines from conversation some twenty years ago, and you couldn't now get up a discussion on the subject in a room where the door and windows were unlocked. We are not greatly to be blamed for that attitude. The subject is not a lively one, and to most Americans doesn't seem important. We took the islands under the compulsion of events and are doing our appointed work there. We have a vague idea that sometime the people will be holding on to the islands and doing an American political diploma in its hand, will take its island back and live happily ever after. Meanwhile we would prefer not to be bothered. This being the attitude of Americans toward their own domestic problems it is not remarkable that they should be a little bored with the Philippines, when that subject is pressed upon them.

The Filipinos want their independence and frequently remind us that it has been promised them. Many Americans with no very clear knowledge of the situation lend them a sympathetic ear. They do not understand that the active movers for Philippine independence are the Filipino politicians, who are thinking principally of themselves. Of the power they would like to exercise and of the satisfaction they would get from operating the new and shining governmental machine Americans have been kind enough to set up and oil. As a matter of plain fact the Filipino politicians operate this machine now, and pretty much in their own interests, but in theory at least the American governor-general in the islands has a restraining hand on it.

That the Filipino people are ready to be entrusted with their own government nobody familiar with the state of their political development believes. The Wood mission is believed to have reached the conclusion that the islands must remain in their present status. The trouble with the Philippine governing class is that it is eager for power but by no means eager for responsibility. In fact, when this class talks of independence it doesn't at all mean what Americans mean when they talk about it. The Filipino politician would like the first rate to run his country politically, but he would be glad to have the United States continue to stand around and supply, at his call, any little thing he seems to lack. No doubt he would like to have us continue to build his roads, to keep his cities clean and healthy, to promote his commerce and industry so he will have plenty of revenue, to continue in short to do all the work we have been doing, but to allow him to take in the profits and play at government with no risks attached.

NO. 110.

TRAFFIC MEN TO ADVOCATE UNIFIED LAW

Country-Wide Regulations Aim of Convention to Be Called Here on October 24; Parade to Open Program

Adoption of universal traffic laws and regulations will be advocated at the fourth annual convention of the International Traffic Officers' Association, which convenes October 24 at the municipal auditorium, according to announcement made today from convention headquarters already established at the Hotel Oakland. Uniform traffic laws drawn up at the 1920 convention at Cleveland and approved by the executive committee of the organization will be presented to the delegates for adoption by their respective states.

A MONSTER PARADE. While the convention officially opens on October 24, it will be ushered in Saturday, October 22, by a monster parade in which two battalions of Oakland's quota of the 143d Regiment of Field Artillery, Batteries B and C, will take part, displaying for the first time the new combined French and American 75 mm. guns, which did such deadly work against the Germans during the world war.

Other war organizations, including the Red Cross, G. A. R., Veterans of Foreign Wars, Spanish-American War Veterans, and business and fraternal organizations, will take an active part in the parade, which starts up Washington street from Eighth promptly at 2 o'clock Saturday afternoon.

MARINES TO JOIN. Leading the parade will be a detachment of marines from Marine Island, led by the famous Marine band. A large detachment of sailors from Goat Island also will take part.

Examples of the mistakes persons continually make in their daily life, which not only endangers them, but also will be shown by the safety engineer of the United States during the line of march. On Sunday, "Safety First Sunday," sermons will be preached in practically every church in the United States on the value of personal safety. For the past two

U. of C. Juniors Will Modernize "Old King Cole"

MISS MARIAN ROBINSON, chosen for prominent role in college play to be given next month.

"Young King Cole" Created for Annual Farce; To Be Offered Nov. 12.

BERKELEY, Oct. 18.—A new version of the nursery rhyme, "Old King Cole," has been created by third-year students at the university for their annual Junior Farce to be presented on November 12 at the T. & D. theater in Berkeley.

"Young King Cole" will be an episode which will precede "Help Jean," the main comedy of the program.

The most talented members of the junior class are included in the casts for the two plays, among them Miss Marian Robinson, Miss Virginia Byrne, Miss Charlotte Moore, Miss Josephine Pink and others.

SAFETY EXPOSITION. During the convention at the auditorium a "Safety First Exposition" will be open to the public day and night and during the afternoon and evening free motion pictures will show the mistakes thousands of people make which annually result in the death and permanent injury of thousands of innocent persons.

While the railroad strike is hampering the work of the Oakland convention committee, resulting in many delegates cancelling their reservations, it is expected that 100, of the most noted traffic experts in the nation will attend. J. W. O'Connor, chief of traffic of New York City, declared to be the greatest authority on traffic in the world, arrived in Oakland today and registered at the Hotel Oakland. He will assist the convention committee in arranging final details for the convention.

Foreign Students Attend Lectures

BERKELEY, Oct. 18.—That the students of the college of agriculture at the University of California are a cosmopolitan body is indicated by the fact that out of twenty students attending a course of lectures now being delivered by Dean Hunt, only six are native sons. One was born in Yorkshire, England, and another in the Hawaiian Islands. Illinois and Texas each have contributed two, while there is one student from each of the following states: Delaware, Idaho, Oregon, Missouri, New York, Vermont and Wisconsin.

ARMS PARLEY WILL TAKE UP PACIFIC BASE

Japan Is Expected to Bring Alameda Project to Attention of Assembled Envoys At Washington Conference

The Pacific naval base at Alameda may play one of the leading parts in the armament conference. Word was received by the Oakland Chamber of Commerce from Washington today that the proposed great naval plant was likely to receive world attention through the conference to begin in the national capital on November 11.

Japan is expected to bring the matter up, according to the Chamber of Commerce advisers. It is believed that it will be brought up in the shape of an inquiry as to the intentions of the United States in projecting the naval base on the Alameda waterfront.

BASE IN ALASKA. At the same time it is understood that Japan will make inquiries as to whether the United States has any plans looking to establishing naval bases at Manila, Guam, and the Hawaiian Islands. It is reported as possible that these inquiries may extend to Dutch harbor, which has been urged by some navy experts for an additional navy base on the Pacific coast for the protection of Alaska.

Some observers assert that the outcome of the conference will depend largely on the answers of Uncle Sam to these Japanese questions. It has developed through the preliminaries to the armament conference that in certain Eastern quarters there is a growing demand for greater naval protection to the Pacific. It has also been revealed that some naval authorities urge the establishment of a string of naval bases on the Pacific, of which the Alameda plant would be an important part.

PAPER TELLS NEED. The Chicago Tribune, owned by Senator Medill McCormick, a member of the naval affairs committee, recently printed a column editorial on the necessity of naval protection to the Pacific. This editorial says:

"The uncertainty of American procedure in the Pacific makes a defined policy difficult to find, although there is a transparent movement and possibly a destiny. In the American uncertainty of procedure before the armament conference, the Chamber of Commerce officials feel confident that eventually the big base will be constructed. This confidence is based on the reported intention of the navy to concentrate both the Atlantic and the Pacific fleet in Pacific waters. In that event it is considered an absolute certainty and an absolute necessity that the base be rushed to completion."

AUTOS SMASHED IN CRASH. ALAMEDA, Oct. 18.—The automobile of J. Franklin, 1633 Broadway, collided with the car of Leo H. Cavanaugh, at Central avenue and Willow street last night. Neither driver was injured, but both machines were damaged.

WOMAN SHOT AT ALAMEDA HOME PARTY

Victim Discovered On Floor of Her Home; Brother-in-Law Accused by Sleuths; No One Can Give Details

Mrs. Charles Stanley, 1521 Minuteman street, Alameda, is in the Alameda sanatorium suffering bullet wounds in the left arm and left breast as the result of a shooting affair at midnight last night at her home, which, according to the Alameda police, was the scene of a party where everyone present was so intoxicated that no one seems to know exactly how the shooting occurred.

Jesse Stanley, brother-in-law of Mrs. Stanley, who owns a cigar stand at Grand station in Alameda, and Mrs. Mary Weaver, a waitress, 17 Sixth street, San Francisco, are in the Alameda county jail.

Stanley, who spent the night in the Alameda city jail today, was charged by the police with assault to commit murder and was transferred to the county jail. No charges have been placed against Mrs. Weaver.

The injured woman was found last night lying on the floor of her home. Those present were Stanley and Mrs. Weaver, who were too intoxicated, according to the police, to explain what had happened. There had been others present, the police say, but so far they have not been able to learn their names.

Mrs. Stanley told the police today that she took some money which belonged to her brother-in-law and that the next thing she remembers he shot her. Stanley is non-committal, refusing to answer any and all questions put to him by the police. He said that he remembered nothing about the party and did not care to talk about it.

TRAGEDY FOLLOWS MARITAL TROUBLES.

SAN FRANCISCO, Oct. 18.—Domestic troubles which had resulted in the filing of action for divorce are held responsible by the police for an attempt at murder and suicide today when Frank Camfoni, 345 Precita avenue, fired a bullet through the chest of his wife, Sarah Camfoni, and another below his own heart. At the Emergency hospital it is said that both will die.

The police were summoned to the house this morning when James Camfoni, a son awakened by the shots, found his mother lying wounded on her bed and his father on the floor outside of the door. But two shots had been fired. Young Camfoni ran to the home of a relative nearby and telephoned to the Central station.

The quarrel in the Camfoni family, relatives say, has been carried on for some time. It was expected to result today in the serving of divorce papers on Camfoni. In this action, it is said, the wife had laid claim to the property held jointly and which consisted of the flat building where they live, 345 Precita avenue. Camfoni called on a son, Kino Camfoni, last night and said that he would contest the suit.

Camfoni is 55 years old and the wife 47.

Petitions Ask Recall of Vierra, Albany City Clerk

ALBANY, Oct. 18.—Recall petitions charging Winslow Vierra, city clerk, with incompetence and neglect of duty were filed at last night's meeting of the Board of Trustees.

The petitions bear 237 names, or 109 more signatures than required under the law. R. H. Macbeth, building inspector of the city, who has been active in the recall fight against Vierra, filed the petitions.

As Vierra is directly involved in the agitation, he was disqualified from acting in the usual role of corporation deputy, and Mrs. V. C. Edmonds was named by the board to check the signatures and report at the next meeting on Monday night. Her salary was fixed at \$3 per day.

Vierra denies the charges made against him, declaring that he is the victim of politics on the part of members of the Board of Trustees. Dixon's arrest was sworn to by Miss Dixon of Reno, Nev. Dixon will be taken to the Nevada city.

WIFE ACCUSES CHAUFFEUR.

ALAMEDA, Oct. 18.—J. R. Dixon, a chauffeur living at 1529 Stanton street, was arrested today by Detective Bert Corant and Police Officer Andrew Peterson on a charge of child abandonment. The warrant for Dixon's arrest was sworn to by Miss Dixon of Reno, Nev. Dixon will be taken to the Nevada city.

Warren's Prints Are More Than Photographs

Warren's Prints are more than photographs. They are real pictures in which light values, composition and finish are sought for as diligently as in finest etchings and paintings. Typical of the high artistry present in Warren's Prints is a magnificent view of Oakland just offered. Connoisseurs of photographic art are loud in their praise of this picture which is titled

"Oakland From Lake Merritt"

A limited number of copies of this print, in 8x10 size, will be offered tomorrow only at special introductory prices of 50 cents each; paneled, 65 cents each. Regularly they sell at a much higher price.

These prints, as are all the Warren offerings, are made on the finest grade of photographic stock procurable.

You are invited to make use of Warren's developing and printing department, the same department that develops and prints the beautiful Warren's Prints, in developing and printing your own pictures. The results that will be obtained from your films and plates will surprise you. This department stands ready at all times, to offer constructive criticism of your work.

If you have prints you wish framed, you will find at Warren's a choice selection of frames, and superior craftsmanship in framing work. 486 13th Street, Oakland, Calif.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home,
but it heals those all for
quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any druggist, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat, loosens, loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dried cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated concentrate of the finest Norway pine extract known the world over for its healing effect on membranes.

Avoid disappointment by asking your druggist for the genuine "Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., St. Wayne, Ind.

ACIDS IN STOMACH CAUSE INDIGESTION

Creates Gas, Sourness and Pain—How
to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning gas, biliousness, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of gastric juices. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bismark Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismark Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of alkali for stomach purposes. It is used by thousands of people who enjoy their meals with no more loss of indigestion.—Advertisement.

Be Careful What You Wash Your Hair With

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

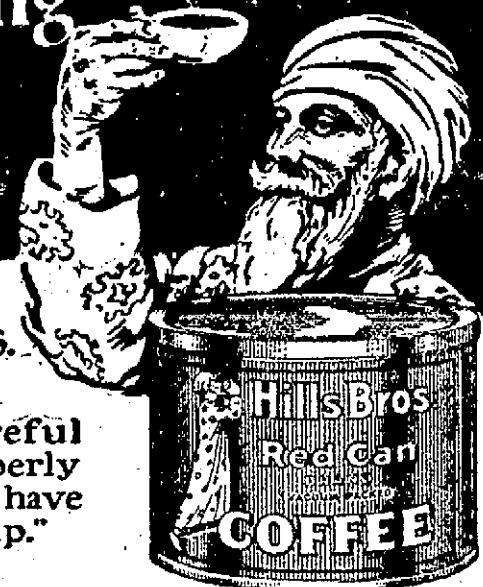

The best thing you can use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get Mulsified and drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in about a teaspoonful of this Mulsified shampoo. It gives an abundance of rich, creamy lather that cleanses thoroughly, and rinses off easily. The hair dries quickly and evenly, and is soft, fresh looking, bright and shiny, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff. Be sure your drugist gives you Mulsified.—Advertisement.

"Polly of the Circus" To Be Heard Here

Mrs. George W. Blas, the well-known reader and elocutionist of Santa Cruz, will read "Polly of the Circus" at the entertainment to be given by the Christian Endeavorers of the Centennial Presbyterian church at Twenty-fourth avenue and Foothill boulevard next Friday evening at 8 o'clock.

"Polly of the Circus" is an unusual story with a heart interest that appeals to everyone. Little Polly, the barback rider, is thrown from her horse and seriously injured at the circus. The nearest house to the circus is the home of John Douglas, the minister. Here she is carried and cared for. This new environment is a revelation to a little motherless girl whose only home had been the moving trains and the circus tent.

Polly and the rest of the fourteen different characters will tell their story through Mrs. Blas next Friday night. There is no admission charge.

Mrs. Mary Blake SUGGESTS

THAT the film which sometimes forms over hot chocolate can be prevented by beating with a dower eggbeater. Many of the best cooks always make their cocoa or chocolate with Carnation Milk because of its superior richness, being twice as rich as ordinary milk. A dainty way to serve these drinks is with a dash of whipped Carnation on the top.

The flavor of chocolate or cocoa can be pleasantly varied by adding a few drops of vanilla or a sprinkle of nutmeg or cinnamon.

A never-failing recipe for hot chocolate is given in my Home Cooking Lesson. I will send you a complete set of these free and also a book of 100 tested recipes if you will send your name and address to me, care of the Carnation Milk Products Co., of 241, 49 Main St., San Francisco, Cal.

VOLUNTEERS OF ULSTER ARMED AND MOBILIZED

Action Due to Failure of British to Prevent Drilling by Sinn Fein Troops.

BY UNITED PRESS. LONDON, Oct. 18.—The Ulster Volunteers are to be armed and mobilized. This drastic step which threatened to have such serious consequences in 1914, and which constituted an open challenge to Sinn Fein, has been decided upon by the Belfast government. It was announced today, because of the British failure to prevent Irish Republican troops drilling.

The stage has now been set for civil war on the largest scale Ireland has ever known, should a break in the negotiations cause fighting between the North and South to begin. Catholics in Belfast have long lived in terror of the day when the Unionist regulars should be mobilized, and considerable emigration southward across the Boyne was expected to follow the mobilizing of the volunteers.

BY INTERNATIONAL NEWS SERVICE. LONDON, Oct. 18.—With a lull in the Irish peace conference today reports came out of Ireland of a sudden flare-up of violence among the Sinn Fein interned in British detention camps.

The Sinn Fein prisoners on Spike Island, off Cork, have wrecked the internment camp. Smoke was visible from the main land over the island today, but the full extent of damage and casualties, if any, were not known.

Sinn Fein courts are sitting daily in various parts of South Ireland. They are even trying British prisoners, refusing to hand them over to British courts for trial.

The Morning Post says the special squad of Royal Irish Constabulary, which has been searching vessels for Irish ports for contraband arms, has ceased its operations.

By CHARLES WRAY, International News Service Staff Correspondent.

LONDON, Oct. 18.—Despite the obstacles and recurrent waves of pessimism, the Irish peace conference has made unexpected speed toward a settlement, it was learned this afternoon from a well-informed source. Optimism at Sinn Fein headquarters and among the British delegates indicated today an agreement will be reached despite the recalcitrant attitude taken by the Ulster Unionists.

Ulster now furnishes one of the biggest problems.

The International News Service is in a position to state that the Irish conference has reached such an advanced stage of agreement regarding the Sinn Fein issues at stake that the party is being split up into numerous committees to tackle the details of settlement.

There was no session of the conference today. So far the personnel of the committee have not been given out. The drafting stage, which is similar to committee work in the American Congress, was reached earlier than had been expected.

British King Grateful for U. S. Tribute

LONDON, Oct. 18.—(By The Associated Press.)—King George yesterday sent a message of warm appreciation to President Harding for the tribute of the United States to Great Britain's unknown warrior. The message contained the announcement of the desire of the King to confer the Victoria Cross on the American unknown soldier Armistice Day. The message says: "I wish to express to you and the Congress and people of the United States the warm appreciation felt throughout this country of the tribute you are paying to our unknown warrior. The gift of your medal of honor to a British comrade in arms, whose tomb in Westminster Abbey stands for all our best endeavor and hardest sacrifices in war, is a gesture of friendly sympathy and good will which we will not forget."

"On Armistice Day representatives of the British empire in Washington will join with you in the ceremony held to honor the splendid record of your troops. I greatly wish on that occasion to confer on your unknown warrior our highest decoration for valor—the Victoria Cross. It has never yet been bestowed on the subject of another state, but I trust you and the American people will accept the gift in order that the British empire may thus most fully pay its tribute to a tomb which symbolizes every deed of conspicuous valor performed by the men of your great fighting forces upon the Western Front."

"I also send my heartfelt good wishes to the great international conference which opens by your wise initiative on that day. My ministers, I know, will strive as wholeheartedly as yours to make that conference a sterling success. I am in common with yours, do all that practical statesmanship can achieve to perpetuate the comradeship of war in the maintenance of peace."

HARDING'S REPLY.

WASHINGTON, Oct. 18.—Expressing the belief that the British and American representatives at the armament conference will co-operate with other nations to bring about an understanding which will make possible a reduction of armament, President Harding today cabled King George of Great Britain, acknowledging the offer of the king to confer the Victoria Cross upon America's unknown soldier to be buried at Arlington on Armistice day.

BIRDS DIE OFF BY THOUSANDS IN OMAHA PARK

OMAHA, Neb., Oct. 18.—Local ornithologists, who have made the study of birds and their ways a life study, are completely puzzled over the mysterious deaths of literally thousands of black birds in the past two days. Thousands of dead birds litter Fontenelle Park.

There have been great flocks of the birds flying over the city for three weeks, but only a couple of days ago did they begin dying off in wholesale numbers.

According to persons living near the park, the birds fly to a certain height and then fall dying to the ground. All are of the "grackle" variety and all are males. One ornithologist took several of the dead birds today and announced he will hold a "post mortem examination."

Daily ALMANAC

by Ad. Pchuster

Roger Williams was tried for heresy in 1635. Robert L. Stevens, inventor of the ferryboat and ships, the locomotive pilot and the T-rail, was born in 1787. One finds that Tom-Reed was born in 1839 and Harvey W. Wiley in 1844. Americans took formal possession of Porto Rico in 1898. This being Tuesday, October 18, and with but few contributions at hand, we will do the work ourself.

HERES A PIRATE SONG.
The cook is in the galley peeling of a
spud
(Walk, walk on a plank)
And the men are on the afterdeck
singing-up the blood,
Twas a queen's own clipper wet no
ask

O—oo—h!
She's blown' up a norther
An' a rain' off us govt.
Here's a clean pair of heels
An' von't the Harbadoes.
Grand sharp the cutlass and clean out
the gut.
(Strong string on to the yards)
The hold is full of rum and we're
thirsty every one
And a ship or a swagun we are
pards

O—oo—h!
She's eatin' up the knots like
A terror-stricken hound,
An' the peaks are in the offing
An' we're all homeward bound.

And continuing in a nautical
strain we read that Captain
Bean, commander of the boot-
legging schooner Sea Farer,
has been put in a can

Why not substitute for the
cheating gum tax one on rag
chewers

The business men's dramatic
league
Is going on the shoal.
The landlord would be villain,
out
The baker took the roll

CASTLES IN SOAP
I have sailed the sunlit oceans
Scurried toward the 3-o-o Dreams
I have listed my emotions
I have danced the silver beams
On the visions and the wishes—
Oh the visions and the wishes—
There came the firm reproof
In the kitchen washing dishes
While the rain beats on the roof
I have won a place in litter—
I have sat in council halls
V as the joy of breaking fetters
I was lord of all the ball—
So I play with dreams and wishes
Caring little for the noot,
In the kitchen washing dishes
While the rain beats on the roof

Mrs Fried has written a let-
ter to President Harding.
Well done

Chips Off the Block

by Robert Quillen

Let's see; how was this country governed before the time of
Wayne Wheeler?

The California climate isn't the only thing in the vicinity that is
intoxicating.

In this glorious free country, every Congressman feels that the
House is his castle.

Getting back to nature has its
disadvantages. The naked savage
sleeps on the ground, and it
may be the ants that make him
savage.

Many a promising political
future has been marred by too
many promises in the present.

The world can't be normal while this estrangement continues
between d'Annunzio and the headlines.

It may be added that one-half of the matrimonial partnership
seldom knows how the other half lives.

And yet there is a lot of satisfaction in writing paragraphs good
enough for other paragraphers to steal.

An umpire's practice in mak-
ing quick decisions should make
him unusually successful as a
pedestrian.

The alien and the American
who displeases the K. K. K., may
have little in common, but they
are tarred with the same stick.

That Western judge who sampled the prisoner's home brew
realizes that every man is entitled to a trial by a jury of his beers.

Tribune Clarice Patterns

Ladies' Six-Piece Skirt

(No. 1127)

With the increasing popular-
ity of the circular skirt comes
this six-gored model suitable for
fall wear.

The ladies' six-piece skirt is
cut 26 to 32 inches waist mea-
sure. Size 26 requires 2 1/4
yards 36 inch material. Price
15 cents.

How to Obtain Clarice Patterns.

Write your name and address
plainly on dotted lines, giving the
number and size of such pattern as
you want. Enclose 15 cents in stamps
or coin (wrap coin carefully) for
each number, and address your or-
der to Clarice Pattern Bureau, Oak-
land TRIBUNE, Oakland, Calif. As
these are ordered especially from
Chicago a few days should be il-
lowed for delivery.

DREW DENIES ANY
POLICE RECEIVE
BOOTLEG MONEYChief, in Letter to Colbourn,
Says He Receives Salary
Only for Protection.

There are no bootleggers who are paying protection to "higher ups," so far as can be learned, according to an answer made today to Commissioner Colbourn by Chief of Police James T. Drew, who asserts that he is investigating and will punish any persons who make any such assertions.

Chief Drew emphasizes that the heads of the police department want none of this money, and have given orders that such rumors be stopped. His letter follows:

Commissioner Frank Colbourn—Dear Sir: I beg to acknowledge receipt of your letter of the 14th, that persistent rumors are reaching you that certain bootlegging rings in this city are paying protection money to the chief of police, with the understanding that a part of said money is reaching the "higher ups," which would include the commissioner of public health and safety and the chief of police.

For your information I say that I desire at this time to emphatically state, without fear of contradiction, that I, as chief of police, am not being paid any money for protection purposes, other than my salary, and I assure you no time or effort will be spared in dispelling the mind of anyone who may be under the impression that protection money is being paid to the chief of police of Oakland, and should the least rumor be received by me that any member of the police department is receiving protection money, it will be as vigorously investigated by me as have cases of a similar nature in the past that have come under my supervision.

If any specific information should come to you which might aid me in my investigation, I would appreciate receiving the same at the earliest possible moment in order that pernicious rumors of this sort may be verified or disproved without delay. (Signed) JAMES T. DREW.

Harding May Visit
Oakland Center

A tentative promise of President Harding to be a guest of Oakland Center, California Civic League of Women Voters, during his projected visit to the Pacific Coast next year, has been received by Mrs. O. B. Chaney, chairman of program. Upon learning that the President was contemplating a tour of the coast an invitation was despatched to him by Oakland Center. Mrs. Chaney received the reply recently, in which the President's secretary assured her that he will be glad to bear in mind the wishes of the women of Oakland in the event of his visit to California.

Club Plans Greeting to
New Oakland IndustryProgram Is Out
for Durant
Day.

Plans were completed today for Durant day, which will be given at Lake Merritt park tomorrow under auspices of the Oakland Lions Club. More than a thousand persons, including club members and guests, will attend the affair and extend one of the greatest ovations ever given to a new industry, to the Durant Motor Company.

The luncheon and ceremonies will be held near the band stand, where a large stage is being erected and specially decorated for the occasion. Luncheon for over a thousand people will be spread on the tables placed on the grass convenient to the stage so that all may see the performance. The entertainment committee of the Lions Club announces that they have procured Fanchon and Marco, stars and producers of "Sun-Kissed," who are now dancing at the St. Francis hotel, the management of which donates the services of the stars to the Lions Club. Fanchon and Marco will interpret some of the dances which they staged in New York, while overhead two big airplanes, piloted by Chief Clark and an associate flyer, will bombard the audience with California flowers and boxes of candy donated by the Venus.

The luncheon is scheduled for 12 o'clock sharp, and while eating accommodations will be made only for those members of the civic clubs invited by the Lions Club, there will be plenty of room for the thousands of sightseers who are expected to avail themselves of this opportunity of welcoming the Durant Motor Company to Oakland.

The program, as prepared by the Lions Club is as follows:
12 o'clock—Assembly of guests.
12:15 o'clock—Arrival of the Durant car with officers of the company.

FANCHON, dance artist, who captivated New York and who will assist in the program for Durant Day, which will be staged at Lake Merritt Park tomorrow by the Lions Club.

OAKLAND JOINED
BY SAN LEANDRO
IN PHONE PLAINInvestigation Is Being Made
Into Alleged Poor Service;
Report Due.

San Leandro has joined with Oakland in investigating the alleged delay of the telephone company in installing phones.

In a letter to City Attorney Gray today, City Attorney J. Allison Bruner of San Leandro asserts that his city is "investigating the causes of the delay, and will be glad to hear in touch with Oakland officials concerning the situation."

A general call has been issued in the San Leandro papers, inviting all persons who failed to get service to bring their cases to their city attorney.

Meantime, City Attorney Gray of Oakland is awaiting the reply of the telephone company to all the charges, as promised for tomorrow by the telephone company.

"I expect the reply to be interesting," says Gray, "and it will certainly be studied with the keenest interest. It may be that in some cases the telephone company is justified. We do not know. So far, we have only heard one side of the case, coming from the numerous persons who say they cannot get service."

Vollmer Wants All
Garages Registered

BERKELEY, Oct. 18.—Chief of Police August Vollmer today asked that all garages, both public and private, be registered with the police, so that tracing of lost and stolen automobiles might be expedited. Chief Vollmer made the request at a conference between large garage owners and Fire Chief Sydney Rose, concerning the payment of a general tax by all garages. Complaint had been made to the City Council that discrimination was being shown in certain types of garages. The matter was referred to the city attorney.

Bartender Sentenced
To Jail As Speeder

SAN LORENZO, Oct. 18.—Charged with exceeding the speed limit and driving on the wrong side of the road, Joe Cabral, a bartender, residing at 789 Sixth street, Oakland, was found guilty and sentenced to ten days in jail by Police Judge William Gannon here today.

MILLINERY TAUGHT AT "Y"

A class in millinery is held on Friday nights at the Young Women's Christian Association. Membership in the "Y" is not essential to registration. Instruction will be given in the weekly classes between 7 and 9:15 p. m. in room 68, 1515 Webster street. Enrollment is open to all women.

BOY SCOUTS ARE
NEARING GOAL IN
DRIVE FOR FUNDSLeaders Believe Remainder of
\$25,000 Soon Will Be
Raised.

With only a few thousand dollars yet to go to make the goal of \$25,000, the Boy Scout drive workers assembled at luncheon at the Hotel Oakland today to make their final, or semi-final, reports.

No reports have been made since the luncheon meeting of last Friday, when the team members turned in nearly \$18,000. They have been in every part of the city since that time soliciting funds and the campaign leaders were optimistic this morning as to the early ending of the drive.

Further reports are expected to come from the Berkeley district committee, which made another tour of Chinatown yesterday to get more subscriptions and to induce former subscribers to increase the amount. The Adams Point and the Claremont district committees are two organizations which so far have not reported on their work and considerable sums are expected from this quarter.

The drive is headed by Abe Leach, who is also president of the Oakland council of Boy Scouts. Leach introduced H. C. Capwell as the speaker of the day at today's luncheon.

Stanford Teacher to
Speak at Berkeley

BERKELEY, Oct. 18.—Dr. Alonzo Taylor, member of the Stanford faculty and former associate with Herbert Hoover in dispensing food in Europe, will speak on "Disarmament and Reconstruction" before university students at 11 o'clock Friday morning in Harmon gymnasium. Dr. Taylor was professor of the University of California from 1899 to 1910, and Rush professor of physiological chemistry at the University of Pennsylvania from 1910 to 1920. He was invited this year to direct special investigations in the study of the part played by food in civilization. Investigations which are being conducted at Stanford University on a grant from the Carnegie Institution.

Campus Program for
Saturday Varied

BERKELEY, Oct. 18.—Ranging from dramatic recitations to jazz music, the program for the first "college night" to be held on the university campus next Saturday has been completed. The members of the various committees, who have charge of the affair have drawn from all of the types of campus entertainment, and declare the one hour program will show many varieties of talent.

The meeting in the Greek theater will be followed by informal dances in three campus halls under the auspices of the big "C" society.

Short Circuit on Burglar
Alarm Arouses City Hall

AROUSAL by a clanging burglar alarm in the upper stories of the city hall, police inspectors and uniformed patrolmen thronged the elevators and stairways this morning in a well-organized attempt to capture whoever was trying to loot the building.

It was all a mistake. Nobody was trying to loot. The burglar alarm went off without authority, according to the officials.

"I am conducting an investigation," says City Treasurer Harry Anderson, "to see how that alarm happened to be touched off."

"We hope it will not happen again," said the sleuths, who blocked all the elevators and stairways.

The mobilization of police was perfect. Inspectors Callagher and Wood, with several others, appeared on the job in an instant. Stairways were blocked and guarded by police. The halls were suddenly patrolled. For a few minutes the city hall was as tightly organized as a prison. Then everybody went back to his regular business.

This is the second time in a month that the apparatus has gone off without authority. Nearly a month ago the same thing happened. The wires, according to the officials, will now be fixed.

Combustion Causes
Alameda Store Fire

ALAMEDA, Oct. 18.—Spontaneous combustion was given as the cause of a fire which partly destroyed the stock in the grocery store of B. F. Wyman, 1102 Lincoln avenue, early this morning. Several days ago a quantity of coal oil was spilled on the floor and Mrs. Wyman wiped it up with a sugar sack. This she threw into a mass of papers in a corner. The damage was estimated to be \$300.

This is the first fire which the local department has had to respond to in four weeks.

Plans to Be Drawn
For Women's Home

BERKELEY, Oct. 18.—Professor John W. Gregg, landscape architect of the university and president of the Berkeley park commission, has been commissioned to prepare plans for the general arrangement of buildings and landscape features for the new state home for women at Sonoma. Gregg recently completed plans for the future architectural

PUPILS COLLECT
SEVENTEEN TONS
OF WASTE PAPEROakland High Makes Good
Progress in Drive to Aid
Garfield Cottage.

Seventeen tons of waste paper have been collected at the Oakland high school, with more coming in every day.

The "paper drive" is the result of a plan by the Oakland high students to provide for the Garfield cottage at Garfield school for the care of poor and needy children. At \$11 a ton the seventeen tons are expected to raise \$187. The Oakland high students plan to raise \$300 altogether.

The RECTOR SYSTEM of GAS HEATING

What it is—
The RECTOR SYSTEM consists of a number of radiators connected to the gas supply and to a line of vacuum piping through which the vitiated air in the radiators, after it has given up its full quota of heat through radiation, is carried off and discharged outside the building through a proper vent or flue.

What it will do—
The RECTOR SYSTEM provides heat just when and where you want it with maximum satisfaction and at minimum cost. It is economical system because your fuel consumption is limited to your actual heat requirements.

It operates as conveniently as your electric lights. You just press THE BUTTON when you want a flood of clean, healthful heat.
